

GOV. LANDON ASKS ROOSEVELT IF HE STILL WANTS NRA

Quotes Son James and Says Silence Will Mean President Intends to 'Perpetuate It Willy-Nilly.'

EN ROUTE WEST FOR LOS ANGELES SPEECH

Nominee Issues Statement From Train—To Make Rear Platform Talk at Albuquerque, N. M.

By the Associated Press.
ABOARD LONDON TRAIN EN ROUTE TO CALIFORNIA, Oct. 19.—A statement calling on President Roosevelt to say whether he intends "to perpetuate the NRA willy-nilly" was issued by Gov. Alf Landon today as he headed west for a major address Tuesday at Los Angeles.

Gov. Landon commented on a speech last week by James Roosevelt, the President's son, saying "this much is clear, that young Roosevelt understands the President still intends to make NRA principles live and operate in our government by one device or another."

The statement was made public as Landon crossed the foothills of the Rockies on the way to Albuquerque, N. M., for a short speech this afternoon.

"The President," Landon said, "must specifically deny that his views are his views. Otherwise, the silence of the father will be the confession that the son spoke for the President when he gave us the understanding that his father intended to perpetuate the NRA willy-nilly."

Two versions in Essence Same.
Landon's statement said "there are two versions of what young Roosevelt said (at Gardner, Mass.), the taken down in shorthand, according to the press, at the time the statement was made, and the other given out by the speaker himself the next day and then changed by the two hours later."

As to the actual intentions of the President regarding the NRA, the two statements "are in essence identical."

"Mr. James Roosevelt's own account of what he said as quoted in the press is as follows: 'These are the purposes of the NRA. The administration is pledged to attempt to carry out the purposes of the NRA in every constitutional manner. Should there be no way in which this can be accomplished, we do not admit, I as an individual, to the right to take the people for the right to make these purposes constitutional through the Congress of the United States.'"

Landon stated the conclusion he reached in the matter was clear "that the President is attempting to unravel Mr. Roosevelt's constitutional purposes as expressed in the last sentences of his statement (they are a certain New Deal smack about them)."

Unscheduled Speeches.
In short speeches at unscheduled stops where crowds had gathered today, the Republican candidate asserted New Mexico cattlemen had been deprived of their full share of the domestic market by the removal of tariffs.

At Raton, a crowd estimated at 100 cheered the candidate as he made the present campaign his most important "since 1890."

In his rear platform talks, Landon reiterated his views that "he wants to save a dollar at the expense of the truly unemployed, we do want relief administered without waste, without extravagance and without partisanship."

The administration has been in power three and one-half years and has found money to spend on food but has gathered no facts and has not the basic information necessary to work out a sound plan."

Departure From Topeka.
The Governor bade his family good-by at the station in Topeka last night and spoke briefly to a crowd gathered about the rear platform of his car.

At Emporia, the first stop after leaving Topeka, Landon exchanged greetings with his friend, William Allen White, noted Emporia editor. "Well, here's the old he-devil himself," was Landon's hearty greeting.

They chatted and posed for pictures while about 50 persons looked on. The train started, Landon waved with surprise and jumped aboard.

Accompanying the nominee were his advisers, Ralph West Robby, former Columbia economics professor, and Olin Glenn Saxon, head of the Republican National Committee research staff; James T. McLaughlin, former St. Louis Post-Dispatch editor.

"MA" STREETER DIES PENNILESS IN CHICAGO AT 63

Lost Fight for \$350,000-000 in Gold Coast Property on Ground Her Marriage Was Illegal.

SAID SHE WED MAN WHO WAS SQUATTER Illinois Blue Sky Department Refused to Sanction Her Billion Dollar Stock Issue.

By the Associated Press. CHICAGO, Oct. 19.—"Ma" Streeter, who earned the sobriquet "Empress of Streeterville" during her fruitless shoulder-to-shoulder fight alongside the late Capt. George Wellington Streeter over the rights to \$350,000,000 worth of Gold Coast property, died Saturday in the Cook County Hospital.

The body of the 63-year-old woman, who was born on a farm near Wakarusa, Ind., and named Emma Augusta Lockwood, lay in the county morgue today. Her sister, Mrs. Alva Fisher of Nappanee, Ind., said the body would be taken to the family burial plot in Lock Township, Ind. There her father, Abner Lockwood, and his wife, Miralda, were pioneer residents.

Destitute and alone in her little cottage, she was finally taken to the hospital Friday over her protests that "all doctors and policemen are killers."

Home-to-Home Pledger. Mrs. Clara Gast, a neighbor, said the aged woman earned a meager living by selling aprons from house to house.

"Ma" Streeter was introduced to Chicago on a fall day of 1903, when she and the Capt. returned from a honeymoon to renew the warfare he began in 1889 for a title to 186 acres of Chicago's finest Gold Coast property.

Capt. Streeter claimed this valuable "desert of Lake Michigan" property by squatter's sovereignty. He saw erected on it the Drake Hotel, municipal pier, homes of millionaires, tall office and fashionable apartment buildings, title protected by the Chicago Title and Trust Co.

All the while he fought to establish a sovereignty claim, a claim only to the Federal Government.

The Vamoos, a lean, decrepit houseboat from Indiana Harbor, where Streeter died, was brought to Chicago and tied at the mouth of the Chicago River. There his companion remained, despite court efforts to move her, dependent largely on the charity of relatives until the Vamoos rotted away.

In October, 1922, "Ma" announced she would erect a modern Utopia on the disputed ground. Disregarding land titles, the "Streeterville Guarantees Co." was incorporated in Phoenix, Ariz., ten thousands shares of stock at \$100 each and attorney fees of \$100,000 to protect the company's claims provided for.

Plans included erection of palatial apartment buildings and the expenditures of \$5,000,000 for a community center to include public bath houses, a free natorium, a club house for ex-soldiers, a home for artists, and a free dispensary for poor mothers and their children.

On May 31, 1934, the Blue Sky Department of Illinois refused to sanction the sale of the billion-dollar stock issue, ruling the scheme was too speculative. The same year "Ma" filed suit for one billion dollars damages against the Chicago Title and Trust Co. and 1500 Lake Shore property owners asking for compensation for the loss of the land.

Final Defeat in Court. A month later came her defeat. "Ma" was not Streeter's wife, the Court held. Judge George Rush ruled in a divorce suit filed by Myles Cannavan that his wife, Mary Collins, was married to Streeter in South Bend, Ind., on April 22, 1905; that they had never been divorced, and recommended that her subsequent marriage to Cannavan be annulled.

Superior Judge James Wilkerson dismissed "Ma" suit on the grounds that her marriage to Streeter was illegal and therefore she had no interest in his estate.

J. E. SWANGER, FORMER STATE BANKING COMMISSIONER, DIES

Superintendent of Woodmen Sanatorium in Colorado Succumbs in Minnesota.

ROCHESTER, Minn., Oct. 19.—John E. Swanger, 72 years old, superintendent of the Woodmen Sanatorium in Colorado, died at a hospital here today from cerebral embolism. Born June 22, 1864, at Milan, Mo., he was graduated from a Missouri normal school and the University of Michigan. He served as Missouri Secretary of State from 1905 to 1908 and subsequently was Missouri Bank Commissioner for eight years.

He was appointed superintendent of the Woodmen sanatorium in 1923. His widow survives. Funeral services will be conducted in Milan, Mo., at 10 a. m. Wednesday.

Mr. Swanger, following his retirement as State Bank Commissioner in 1915, came to St. Louis where for a time he was a traveling representative of the Mercantile Trust Co.

Eye-Witness Behind Rebel Lines Tells How Fascists Cut Railways And Virtually Isolated Madrid

Loyalists Put Up Pitiful Resistance to Combined Attack by Cavalry, Infantry, Artillery and Planes.

(Copyright, 1936, New York Tribune, Inc.)

TALAVERA DE LA REINA, Spain, Oct. 17.—(Delayed).—Striking with swift deception from Toledo, after the loyalists had braced themselves at Navalcarnero, well to the North, the rebel forces under Gen. Jose Varela today cut the last important rail lines leading out of Madrid and virtually isolated the capital. Now, only motor roads (or airplanes) remain for use by Madrid government officials, if they should flee.

Two vital railroad junctions situated between Toledo and Aranjuez were seized when the loyalists fled from Algodor and Castillejo under bombardments by artillery and airplanes, while 2000 rebel cavalrymen and a column of infantry drove nearly 20 miles closer to Madrid on the Illescas highway.

Algodor is a junction on the railroad from Madrid to Ciudad Real and Castillejo is on the line to Valencia, on the Mediterranean coast. This liaison between the capital and Andalusia has been cut by the rebels, who early in the civil war broke the rail connection between Madrid and Barcelona by cutting the line which runs by way of Sigüenza. (The line to the Mediterranean coast was reported cut previously, but apparently service was restored by Government forces.)

Little Choice but Flight. Just as Grant took Vicksburg, not by frontal attack but by cutting the rail and river approaches, Gen. Varela has left the loyalist Government scarcely any contact outside the capital and little choice but flight.

The loyalists may still use gas and may fight desperately at Navalcarnero, but the rebels tonight felt that Madrid was as good as captured. The two small railroad junctions were vital important, but

equally significant was the incapacity of the loyalists to offer any effective resistance. From a point near the ruined Alcazar at Toledo, this correspondent saw the start of the fighting at dawn. Col. Jose Montero's cavalry rode eastward along the Tago River. Foot columns moved along the concrete highway. Soon the heavy guns were fired and bombing planes joined in the attack. The loyalists offered pitiful resistance.

At 10 o'clock, the fleeing loyalists went over the last hill into Olias del Rey. From there, a plain reaches to Madrid. Rallying at Villavieja, the loyalists held there until the rebel light artillery went into action and cleared a way for the troops.

Loyalist Trucks Smashed. Rebel regulars and red-frenzied militia troops swept across a wheat stubble and disappeared in olive groves and then emerged into more stubble, just 100 yards behind the artillery barrage. The shells smashed loyalist motor trucks on the highway and sent Madrid's defenders into a slow retreat.

While these troops swept through Villavieja and took the nearby airport, rebel columns to the north-west pushed out from Santa Cruz and San Martin de Valdeiglesias and came together at Villamanta, which is only seven miles from Navalcarnero. These columns, too, were well supported by the finest or airplanes and tanks.

Loyalist air forces were seen, however. While hundreds of rebel trucks, a perfect target, lined the Illescas road, a loyalist bombing plane appeared. "El Douglas? El Douglas?" cried troops rushing to cover. Three rebel planes, until then invisible overhead, dived. The loyalist plane trailed smoke and fire before it dropped a single bomb.

Including stoves, irons and heaters, was barred by the Ministry of the Interior. Gas was turned off in houses and cafes in an effort to save coal, from which the fuel is made.

The Government ordered that 3000 taxicabs be held in readiness. Drivers from the Mechanics' Brigade were assigned to the machines for duty if the Government finds it necessary to duplicate the famous taxi-cab ride of troops from Paris to the Marne which saved that capital in the world war.

Madrid's double-decked buses have been used to advantage since the civil war broke out. Plumbers, painters and carpenters were called by their unions to be prepared to assist in the defense of the capital.

Huge posters plastered throughout the capital urged every Madrid citizen to volunteer his services in the militia.

The Government was cheered by the arrival at Alicante of the Russian steamer Neva with 2000 tons of foodstuffs.

Rebels Control Oviedo; Many Government Soldiers Killed.

By the Associated Press. OVIEDO, Spain, Oct. 19.—Fascist troops held Oviedo today after routing loyalists in heavy fighting in which several hundred Government militiamen were killed.

A column of insurgent reinforcements drove off the Government troops outside the city Friday and Saturday. A final battle inside the city brought defeat to Asturian miners organized into bomb-throwing squads.

FAILS IN NEW SUIT FOR FINAL DECISION ON SECURITIES ACT

Broker J. Edward Jones of New York Is Denied Review of Injunction Case in Supreme Court.

By the Associated Press. WASHINGTON, Oct. 19.—The Supreme Court refused today to review the case of J. Edward Jones, New York securities dealer, who challenged the constitutionality of the 1933 "truth in securities" act. The court declined to review the action of the Second Circuit Court of Appeals at New York in upholding an injunction granted by the Southern New York District Court to restrain Jones from violating the act.

The Securities Commission contended constitutionality of the act was not involved. It said the dispute turned on whether the injunction, "entered with petitioner's consent," should be vacated. The commission said that on Feb. 4, 1935, it had filed a bill of complaint in the District Court, seeking to enjoin Jones and certain of his employees from using certain instruments of interstate commerce or the mails "to further a scheme to defraud or to obtain money by means of untrue statements or omissions to state material facts in the sale of securities, and from using the mails or means of interstate commerce to sell securities not registered."

On Feb. 8, the commission continued, Jones "consented in open court to the entry of an injunction pending final hearing."

Later, Jones sought to have the injunction terminated. He told the Supreme Court that Commission employees illegally seized records from his office and that the act confers on the Commission "inquisitorial powers to investigate at will suspected violators of the act."

The legislation requires that proposed issues of securities be registered with the Commission in advance of sale so that the public may obtain full information before purchasing.

Constitutionality of the act was challenged once before by Jones, in a \$400,000 decision last April 4, delivered by Justice Sutherland, the court did not pass on validity of the act but ruled the Commission could not compel Jones to testify concerning a proposed issue which was withdrawn before the registration became effective.

Review Denied Attack on U. S. Aid for Municipal Utilities.

The Texas Utilities Co. and the Alabama Power Co. lost in their effort to obtain a Supreme Court decision on validity of Government loans and grants for municipally-owned electric systems in Texas and Alabama.

A review of the action of the District Court of the District of Columbia, dismissing petitions seeking an injunction against Government agencies, was denied.

Alameda, based on a similar case which will be argued during the week of Nov. 9. This is an appeal by the Duke Power Co. from a decision of the Circuit Court of Appeals at Charlotte, N. C., upholding a \$2,852,000 PWA loan and grant to Greenville, S. C., for a power plant at Buzzard Point.

Dirk de Jonge, a Communist, was granted a review of his effort to escape a seven-year term in the Oregon State Prison for violation of the state's criminal syndicalism law. The court consented to review a decision of the Oregon Supreme Court, which upheld a verdict against De Jonge in the trial court at Portland, Ore., in 1934.

The Oregon law provides a penalty of one to 10 years imprisonment and a fine of \$1000 for anyone who advocates criminal syndicalism, prints or circulates literature on the subject, or organizes groups for the purpose of teaching syndicalism.

De Jonge contended the state law violates the first amendment to the Constitution, providing for free speech and free assembly, and the fourteenth amendment, in that it deprives him of liberty without "due process."

G. O. P. Calls on Roosevelt for Frank Statement on Amendment. NEW YORK, Oct. 19.—The Eastern division of the National Republican Committee issued a statement last night calling on President Roosevelt to clarify his position with regard to the invalidated NRA.

"At no time," the statement said, "has the President indicated his opinion as to the constitutionality of the NRA in any individual case, nor has he indicated his opinion as to the constitutionality of the NRA in any individual case."

It recalled that James Roosevelt, son of the President, had been reported as saying at Gardner, Mass., that Roosevelt, if re-elected, would call for a constitutional amendment to accomplish the aims of NRA and that the son had since corrected his reported remarks to read that he personally believed such a course should be followed.

"The American people may, therefore, with reason conclude that the President's son, as his remarks were reported, spoke the mind of his father on this issue," the statement continued. "They will not be satisfied, however, with less than a frank statement by the President of his position on a fundamental issue of this campaign."

James Roosevelt on Revival of NRA Principles. FITCHBURG, Mass., Oct. 18.—James Roosevelt, son of the President, told an audience here yesterday that "it is obvious that we must shorten working hours and better working conditions for men and women."

Addressing a Democratic forum, he was asked: "Do you feel that if the present administration is re-elected that industry and commerce will be inclined to co-operate with the principles of NRA?"

Roosevelt said it was his personal opinion that "as soon as it becomes plain that the people as a whole wish to have the problem of unemployment permanently solved, and that they see that the only way to solve it, if at all, is to get away from relief, WPA and all those emergency agencies which provide jobs for the needy, in order to do this and in order to accomplish it, it is obvious that we must have shorter working hours and better working conditions for men and women."

"I think that as soon as business, both large and small, realizes that it is what the people intend to have, and that administration as a whole and employers of labor will put their shoulders to the wheel and will help us solve the problem in as short a period as possible," he said.

Campaign Sidelights

Roosevelt's Son Talks About NRA and Changing the Constitution; Garner Makes Speech, but Has Little to Say.

By Paul Y. Anderson. A Staff Correspondent of the Post-Dispatch.

WASHINGTON, Oct. 19.—THE President doubtless wishes at times that his supporters would leave the campaign speechmaking entirely to him.

His son, Jimmy, spoke Friday night at Gardner, Mass., and was quoted as saying his father would seek an amendment to the Constitution enabling Congress to enact the principles of the NRA into law. Jimmy says he was misquoted, that what he said was:

"The administration is pledged to carry out the principles of the NRA in every constitutional manner. Should there be no way in which these purposes could be accomplished—which we do not admit—, as an individual, see no alternative but to ask the people for the right to make these purposes constitutional through the Congress of the United States."

Well, if Jimmy said that much—and he says he did—it is considerably more than his father has said. It is, indeed, what his father has conspicuously refrained from saying. It is authoritative, it could constitute a fairly adequate answer to the question which great numbers of people, including the Republican nominees, have been asking.

But there's the rub, Jimmy spoke "as an individual," and when Jimmy speaks "as an individual" it is just another insurance man talking.

Garner Did Not Have Much to Say.

THERE was one Democratic speech Saturday night, however, which will not cause the President an uneasy moment. It was the one delivered by Vice-President Garner from the big ranch house at Uvalde, Tex. After clearing his throat deliberately, the Vice-President gave it as his solemn opinion that his running mate is a sane, reasonable man, that things have been gradually getting better in the last three years, and that a lot of unnecessary heat and excitement have been generated during the campaign.

Garner told friends recently that he saw no necessity for saying much, and anyone who listened to his remarks Saturday night will realize that he didn't change his mind. John didn't even consume all the time allotted him. It was filled out by a piano player. He played

pretty well, too, and resisted all temptation to render "Home on the Range."

Senator Vandenberg's Phonograph Debate.

THE idea of a joint debate between Senator Vandenberg and a phonograph might work out all right with proper staging, but Saturday night's performance was not very brilliantly planned. The shortcomings and interruptions which make it such a botch can all be traced to the sponsor's failure to take the broadcasting system into their confidence about the plan to use recordings of President Roosevelt's voice. Moreover, their failure to do so, together with the secrecy, which included hiding the phonograph behind a curtain until time for the broadcast, may create an impression that the sponsors know all along it was a violation of rules.

The result, in which radio officials deleted some of the broadcast over some stations, and all of it over others, was not the only proof that the plan was ill-advised. Any studio apparatus could have told the sponsors that records of transcriptions cannot be transmitted satisfactorily by merely pushing a phonograph before a microphone. Over the stations which carried the President's words, they were so blurred as to be almost unintelligible. The whole performance sounded crude and amateurish.

Whose Face Is Reddest, Warburg's or G. O. P.'s?

IN connection with the announcement of James P. Warburg that he will vote for President Roosevelt if nothing happens to change his mind again, it is a question whose face should be redder—Warburg's or the Republican National Committee's. Some time ago Warburg quit his post as Treasury adviser and wrote a blistering indictment of New Deal policies in a book entitled, "The Road to Election."

His indignation and the sale of the book both held up so well that he wrote a second entitled, "Still Hell Bent."

Early this year the Republican National Committee purchased 100,000 copies of the books, and distributed them as campaign literature. It was, in fact, the first campaign document put out by the committee on a large scale in preparation for the present campaign. Now Warburg declares, in a letter to Secretary of

MADRID LEGATIONS CHARGED WITH HARBORING FASCISTS

Government Accuses Them of Allowing Diplomatic Privilege of Asylum.

MADRID, Oct. 19.—The Government made representations last night to several legations and embassies which it declared were harboring Fascist sympathizers in an alleged abuse of the diplomatic privilege of asylum.

The Government was understood to have asserted that the efforts in question did not comply with provisions of a treaty signed at Montevideo, Uruguay, under which the right of asylum was said to have been declared these efforts did not give the Government a list of refugees being sheltered.

Members of the Diplomatic Corps met to decide on course of action. The United States, which did not sign the Montevideo treaty, is not involved. Its embassy is not sheltering refugees despite numerous requests.

Central and South American legations are principally concerned. One of these is reported to have extended asylum to nearly 200 Rightists, necessitating the renting of a separate building to house many of them.

State Hull, that he is so gratified by the progress of the republic's trade policy, and by the currency stabilization agreement, and the influence of the attitude of the Republic toward both, that he is going to vote for Roosevelt—although he makes plain he is doing so chiefly on Hull's account.

At the same time, he declares he has no intention of eating his words. It would be quite a feat of gymnastics to eat two books in two weeks, especially two containing as much hell as those he wrote.

James A. Reed and the La Follette Family.

Speaking in Chicago on "Communism and the New Deal," James A. Reed of Missouri developed his theme as follows: "More than two years ago Roosevelt formed an alliance with the radical element of the Republican party, known as Progressives, or La Follette group. He did so by the endorsement of their candidates and ticket. Now they endorse him."

It is not difficult to imagine Jimmy's feelings as he recalls all these years when he and old Senator La Follette sat across the aisle from each other in the Senate, fighting the League of Nations, the Ku Klux Klan and "Wall Street," and making common cause in a thousand other battles, only for him to realize at this late date that his old friend was all along plotting the overthrow of the republic. It was the old Senator La Follette who organized the Progressives.

THREE IN FAMILY KILLED IN HEAD-ON AUTO-TRUCK CRASH

Edward Faenger, Son, 18, and Daughter, 6, Victims of 1:30 a. m. Collision Near Festus.

CORONER RETURNS ACCIDENT VERDICT

Plasterer's Wife and Two Other Children Injured—Former Residents of St. Louis County.

Three members of a family were killed and three others were injured when their automobile collided head-on with a truck on Highway 61, five miles south of Festus, at 1:30 a. m. yesterday.

The dead: Edward Faenger, 48-year-old plasterer, residing near Festus; his son, James, 18, and daughter, Doris, 6 years old. Mrs. Faenger and a daughter, Laura, 12, were treated at Festus for severe injuries. A son, William, 15, is in St. Anthony's Hospital here, with a skull injury.

The accident occurred on a curve, about a mile from the Faenger home. The truck was driven by Frank Pruett of Charleston, Mo., who was taking a load of grain to St. Louis. A coroner's verdict of accident was returned.

Faenger was a member of Plasterers' Local Union No. 3, which has headquarters in St. Louis, and formerly resided on Hanover avenue, in St. Louis County. The family moved to Festus about 17 years ago.

Man Who Fell From Truck Died of Skull Fracture.

Arnold Schoenwelder, 29-year-old clerk, 4120 Fillmore street, died at City Hospital at 5 p. m. yesterday of a fractured skull suffered late Saturday afternoon, when he fell from a truck at Grand boulevard and Eller street.

Schoenwelder and a companion were riding on the rear of a dump truck driven by William Ortmann, 4451 Gravois avenue. Ortmann turned into Eller street and both passengers were thrown to the pavement, Schoenwelder striking his head.

Verdict of Criminal Carelessness Against Taxi Driver.

A coroner's verdict of criminal carelessness was returned today against Clarence Wallace, 3420 Bell avenue, Negro chauffeur of a taxi cab, which struck and killed John Anderson, 68 years old, at Washington boulevard and Vandeventer avenue Saturday night.

Two witnesses testified that the taxi, a Careful Cab, was driven west in Washington at 40 miles an hour and went through the intersection, although the automatic traffic signal had changed to "left turn." Anderson was hit at the west crossing. A Negro passenger in the taxi cab testified that the speed was only 20 miles an hour.

Wallace did not testify, and was held for the grand jury. Anderson's body was not immediately identified. He lived at Chestnut Lodge, 2207 Chestnut street.

CONFESSION READ TO JURY IN GUY TALLMADGE TRIAL

Husband Accused of Killing Wife Described Married Life as "Living Hell."

By The Associated Press. OREGON, Ill., Oct. 19.—Guy Tallmadge's purported confession that he killed his wife because his married life was "a living hell" was admitted in evidence today at his trial on a murder charge.

State's Attorney S. Donald Crowl read to the jury the 56-year-old defendant's alleged account of his life with Mrs. Frances Birch, a divorced widow. He ascribed the subsequent plot to kill his wife to a desire to settle down on a chicken farm with Mrs. Birch.

Tallmadge's statement, 900 words long, said he kept company with the 22-year-old widow while she was working in a Rockford drug store, bought her a ring and kept the knowledge from his 54-year-old wife, Bessie.

The night of May 19, it continued, Tallmadge took his wife on an automobile ride, stopped the car at a crossroad, induced her to leave the machine and shot her.

MAYOR TO FORM MILK ORDINANCE COMMITTEE

Three Members Each to Be Chosen From Distributors, Producers and Consumers.

At the conclusion of a two-and-a-half-hour conference behind closed doors with about 30 milk distributors today, Mayor Diekmann announced that he would appoint a committee of nine to work out a milk ordinance which "will be applicable to the city of St. Louis and 'satisfactory to everybody.'"

The committee, he said, would consist of three representatives each from the distributors, the producers, and the Consumers' Council, an organization which has been urging the adoption of a standard milk ordinance here. The first meeting of the committee will probably be held on Wednesday.

At the meeting today, which was an executive session at the request of the distributors, the principal speaker for the distributors was Paul Vorse, an attorney. Also there with the Mayor were Health Commissioner Joseph E. Bredeck, Director of Public Welfare Joseph M. Darst, and Acting City Counselor Louis McKee.

Standard Ordinance Bill Pending.

A standard milk ordinance, which provides for a strict grading of milk, has been prepared by the City Counselor's office and introduced into the Board of Aldermen by Alderman William J. Warnick of the Twenty-eighth Ward.

Asked if the newly proposed ordinance would be a compromise, the Mayor replied: "No, I don't mean that. I don't know. We want an ordinance that will be satisfactory to everybody. This is a give and take proposition. My interest is twofold. I am for clean milk and for an ordinance that will not be so drastic that it will work a hardship on a great industry in St. Louis."

The Mayor was asked if the distributors opposed the standard ordinance which has been introduced. He said they opposed the grading principle and the methods of taxation, but declined to say more.

"The distributors seem to have the impression," he said, "that their industry is being persecuted. That is not the case."

The committee which he will appoint, he said, will meet with the public welfare committee of the Board of Aldermen.

28 COUNTY REGISTRATIONS QUESTIONED BY BOARD

Notices Direct Those Challenged to Show Cause Why Names Should Not Be Canceled.

Notices were sent by the St. Louis County Board of Election Commissioners today to 28 persons who registered to vote as soldiers or members of the Civilian Conservation Corps stationed at Jefferson Barracks, directing them to show cause why their registrations should not be canceled.

J. C. A. Miller, a member of the board, said nine were not known at the Barracks, nine had not been in the State for one year, as is required, and 10 were less than 21 years of age.

At the Jefferson Barracks precinct 440 soldiers and CCC members are registered. The total registration of the precinct is 742.

ELECTION BOARD CHECKING RECORDS OF REGISTRATION

In Many Instances, Illiterates Are Not Listed as Such on Books as Required by Law.

The Board of Election Commissioners was busy today checking over its registration records in a search for clerical and procedural errors with the intention of summoning precinct judges and clerks to give their explanations where serious errors have been made.

Particularly sought by the board are all instances where judges failed to record on the books a description of persons registered as illiterates, a procedure which is required by law. A perusal of the books in the course of checking them for fraudulent registrants in the past week brought to light hundreds of such cases, and they will be thoroughly checked for all such instances.

Also to be noted down for explanation are cases where judges failed to enter the fact that naturalized citizens exhibited their papers before being allowed to sign the books as voters.

The board has determined to allow two more days, today and tomorrow, for examination of the remaining 809 of its 4020 precinct officials, who were appointed by the Waechter board before it was ousted by Gov. Park "for the betterment of the public service." As told yesterday, it had interviewed 3208 up to Saturday night, and 227 had resigned, most of them at the suggestion of the new board because of "minor irregularities," including poor clerical work and illegible penmanship.

Three Judges Dismissed.

The board announced it had dismissed three precinct judges who served in the August primary and who have since been indicted on charges of fraud. They were: Anthony Caculoso, Democrat, 1912 Cass avenue, Democratic judge of the Fifteenth Precinct of the Fourth Ward; Walker Yacovski, 1521A North Fourteenth street, Republican judge in the Sixth Precinct of the same ward, and John J. McAndrew, 4054 Kensington avenue, Democratic judge in the Fourth Precinct of the Twentieth Ward.

In addition to the fact that they had been indicted, another reason for their dismissal was improper and inefficient handling of registration books and registration slips, it was stated.

Bar Petition Accepted.

The board has not yet announced what action it will take in the cases of precinct officials who fail to appear before Tuesday night but it is likely they will be fined.

The St. Louis Bar Association's petition for a non-partisan judicial ticket on the ballot was formally accepted by the board this afternoon on receipt of a ruling from its attorney, Roscoe Anderson, that the petition was properly filed with the board. There had been some question of whether the board or the Secretary of State should receive the petition. It bears 5498 signatures, 12 more than the minimum required by law to place the ticket on the ballot.

Transfer of voters who have moved since the four-day registration Sept. 21-24, continued today. The board has set aside the last three days of this week to interview registrants challenged in the canvass whose cases it has not already disposed of.

More than 9000 such registrants have been notified to appear Thursday, Friday or Saturday, and those who do will be taken before the board to present their proof of the legality of their registration. Those who do not appear will be struck from the rolls. On the last three days of the week the board will be in session from 8 a. m. to 10 p. m. daily.

GLASS WORKERS THREATEN TO CALL 7000 OUT IN STRIKE

Demand Pittsburgh Plate Glass Co. Recognize Union as Bargaining Agent in Ohio Plant.

PITTSBURGH, Pa., Oct. 19.—A wage committee of the Federation of Flat Glass Workers threatened today to call an immediate strike of 7000 employees of the Pittsburgh Plate Glass Co. unless the management recognize the union as the collective bargaining agent for 7000 workers at its Barberton (O.) plant. The Committee, through its president, Glenn McCabe, sent an ultimatum to the company saying refusal of the request would result in "cancellation of the working agreements between the federation and the company in all plants."

The committee remained in session awaiting an answer. McCabe said a strike might be called "tonight or tomorrow night," unless the demand was met.

At the company's offices, an officer said the committee's communication had not been received.

The company, besides the factory in Barberton, has plants in Clarksville, W. Va., Henrietta, Ok., Mount Vernon, O., Crystal City, Mo., and Creighton and Ford City, Pa.

ordered the mate to burn the red flares that were carried. These soon ran out and the boys started carrying out their bedding and placing that on the deck in a huge bonfire. I guess there were no other boats close enough to see our fires, for we must have shown a light for more than an hour.

List Becomes Worse.

"About two bells (9 p. m.) the list became pretty bad so I sounded the general alarm and ordered the lifeboats to be cleared. Despite the wind and driving rain, we seemed to be gaining for a while," Capt. MacCalland continued, "but I guess it was just the hope in my mind."

"I soon saw that we would have to leave. By this time the floor of the pilot house was way over to port and I had a tough job getting over to the whistle pull to signal the boats down into the water. Then she went over. It must have been 10 o'clock, because my watch stopped then."

"There was no warning. The first thing I knew I was in the water and something hit me, and I went out like a light. The next thing I remember was someone pulling my hair."

Several Boats Passed.

"During the night, several boats passed within sight, in fact one was only about a quarter of a mile away. We had no way to attract their attention. Several times Dault and Ideson pulled me back on the lifeboat when I thought I was gone. After 10 hours of hanging on, we were rescued."

Survivors said waves were between 10 and 12 feet high at times. Many other lake boat captains anchored, fearing to try to make port in the storm. No one saw Mrs. Bernard Drinkwater, the only woman aboard and wife of the mate, after the Sand Merchant overturned.

Capt. George W. Wilson of Detroit was commander of the Bessemer & Marquette No. 2, and Capt. James Healy of Buffalo was master of the Thunder Bay Charlies. In Capt. Healy's log today was this record of the rescue of the captain, Ideson and Dault:

"Picked up three men adrift from S. S. Sand Merchant of Toronto, Ont. 8:24 a. m. Full speed ahead, 8:26 a. m."

DRIVER WHO FLED WHEN AUTO KILLED WOMAN ARRESTED

James Byington Signs Statement Admitting Machine Struck Mrs. William Snell and Michael Linder.

James Byington, 24-year-old laborer, is under arrest for the coroner as the driver who fled after his automobile struck and injured fatally Mrs. William Snell, 44 years old, at California and St. Vincent avenues while she was on her way to mass at 5:30 a. m. yesterday. Mrs. Snell, who resided at 2700 Henrietta street with her husband, died at 8:25 a. m. at City Hospital.

Byington was arrested at his home, 2781 St. Vincent avenue, half a block from the scene of the accident, and signed a statement, police reported, admitting that his car struck Mrs. Snell and Michael Linder, 56, 1812 California avenue, who was crossing the street with her. Linder is in City Hospital with a fractured leg and scalp wounds.

The driver explained that he struck the pair when he swerved to avoid a collision with another automobile, which turned into St. Vincent avenue in front of his car.

Ralph Long, 2781 St. Vincent avenue, driving near the intersection when Mrs. Snell and Linder were knocked down, chased Byington's roadster for several blocks and obtained the license number, which he reported to police. Third District officers picked up a broken radiator emblem and pieces of headlight glass in the street.

Tracing the license number, police went to Byington's home and found the roadster parked across the street. The right headlight was broken and the fender dented. A broken radiator cap, which fitted the emblem, and pieces of glass matching the broken one, although conceding he had driven through Belleville. Police said his car bore signs of having been in an accident.

Funeral services for Mrs. Snell will be held tomorrow morning at Alton, with burial there.

MAN AND WOMAN FOUND DEAD OF FUMES AT HANNIBAL

Tourist Cabin Opened When Pair Failed to Appear; Gas Comes From Heater.

By The Associated Press. HANNIBAL, Mo., Oct. 19.—Coroner Cecil Schwartz said last night two persons found dead in a tourist cabin here yesterday had been identified as Bradley Sutton, about 33 years old, of Vandalla, Mo., and Mrs. Olive Evelyn Lucas, 36-year-old widow from Farber, Mo. The coroner said both were overcome by gas from a heater in the cabin.

Filling station attendants told the coroner that the pair went to the cabin Saturday night, and when the two did not appear in the morning the attendants opened the cabin door. The bodies were on a bed in the gas-filled room, the attendants said. The coroner's jury returned a verdict of accidental death.

W. D. Fitzgerald of Farber, father of Mrs. Lucas, said she and Sutton had been keeping company for about a year.

Deaf Mute Driver Held After Man Is Hit by Auto.

Daniel Ewald, a 67-year-old farmland, was struck and injured seriously last night by an automobile which failed to stop as he was walking on the highway near his home, about five miles from Belleville. He was taken to St. Elizabeth's Hospital there, suffering from head injuries and fractures of both legs.

A license number furnished by a witness was traced, resulting in the arrest in St. Louis of Edward Miller, a deaf mute, 4017 Dryden avenue. Miller, who was taken into custody for St. Clair County authorities, denied in a written statement he had struck anyone, although conceding he had driven through Belleville. Police said his car bore signs of having been in an accident.

UNION CALLS FORUM ON WASHINGTON U. ROW

Meeting Next Monday Night—Women Voters League Sends Letter on Issue.

The cases of Don Ellinger and Phillip Monypenny, Washington University students who lost half-scholarships because they wrote letters to freshmen advising them not to join the Reserve Officers' Training Corps, will be discussed at a public meeting called by the Teachers' Union of St. Louis and St. Louis County next Monday at 8 p. m. at Cabanne Branch Library.

The public at large and all interested groups have been invited to attend the meeting "to listen to informed opinions from all sides in an effort to clear up the general confusion about the case and the fundamental questions involved in it."

Chancellor Throop and members of the board of directors have been asked to speak or to send representatives. The two students who were disciplined and members of the American Student Union have been invited to attend. Other groups wishing to join in sponsoring the hearing have been asked to communicate with the secretary of the teachers' union, Frank McClelland, 794 East Big Bend road, Webster Groves.

The League of Women Voters of St. Louis, in a letter to the university board of directors, asked whether the public is to infer that the school no longer assures protection of academic freedom.

ADMITTS FAKING HOLDUP REPORT

Collector Says He Really Lost Money in Dice Game.

Marvin Crow, rent collector for the Dubinsky Realty Co. in the Wainwright building, admitted last night in a signed statement, according to police, that he had falsely reported being robbed a few hours earlier of \$100 in collections, and instead had lost the money in a dice game with four Negroes.

His story of the holdup had been confirmed by two Negroes who said they had seen two other Negroes threaten him with a revolver and take the money from his wallet at 2110 Randolph street. Police later arrested the Negroes and two others they named and confiscated \$75 found in their possession.

Captive Not Noted French Flyer.
By the Associated Press.
PARIS, Oct. 18.—The Air Ministry denied last night reports that the noted French long distance flyer, Pelletier d'Oisy, had been captured by Spanish Fascists, as reported Saturday at Bayonne. The Ministry said another French aviator named Pelletier was taken from a Spanish Government steamer off San Sebastian by insurgents on tugs. The noted flyer, the Ministry said, is now in Tunisia, where he is commander of an air squadron.

A MESSAGE OF IMPORTANCE to every man and woman who smokes

If you experience irritation of the nose and throat due to smoking, here are some vital facts you should know:—

A group of doctors made tests to learn for themselves whether the differences in cigarette manufacture have any relation to irritation of the nose and throat. ... They made these tests with Philip Morris Cigarettes and cigarettes made by the ordinary method of manufacture.

Their tests proved conclusively that on changing to Philip Morris, irritation of the nose and throat cleared completely or definitely improved in every single case.*

Experience the joy that comes of smoking a cigarette that achieves its mildness without sacrificing the satisfying aroma of robust, full-flavored tobaccos,

RECORD CROP OF TURKEYS

U. S. Sets Figure at 20,000,000; Price Under Last Year.
By the Associated Press.
WASHINGTON, Oct. 18.—A record-breaking crop of 20,000,000 turkeys, priced low but not so far as in other years, is reported by the Agriculture Department in its initial survey of the Thanksgiving outlook.
It said there were about 5,000,000 more birds than last year and that farm prices for them were about 45 per cent lower than the average from 1921 to 1930 and could not be expected to rise. Turkeys brought nearly 20 cents a pound on the farm at the start of this year but declined to about 16 cents last month. Increased production was reported in all parts of the country.

SAYS HE GOT DYNAMITE FOR BOMBING SUSPECT

Explosive Found — Arthur Leitner Declares It Was for Rolla (Blackie) Dean.

Eight sticks of dynamite and 125 percussion caps were found by the police yesterday afternoon in a shed owned by a Market street coal company.

Arthur Leitner, 34 years old, 3910 Virginia avenue, an automobile mechanic employed by the company, was quoted by the police as saying he purchased the explosives in Alton for Rolla (Blackie) Dean, ex-convict, suspected by the police of implication in several recent bombings.

Leitner said that a friend had asked him to get the dynamite for Dean, but that Dean, after visiting the shed to look at it, had left it there.

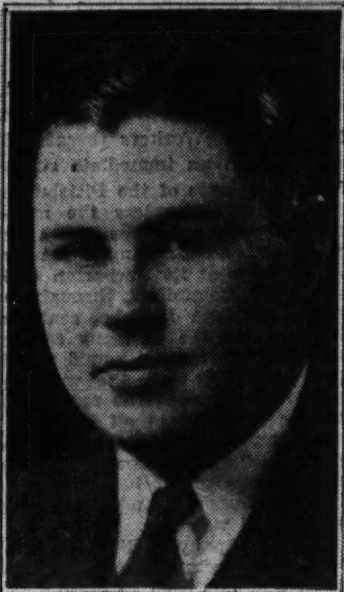

Leitner was arrested in a truck identified by Roland Martin, a Negro, as having been stolen from him Aug. 16. Leitner exhibited a bill of sale showing he had purchased the truck from a used car dealer. It was after arresting him that policemen searched the coal company quarters in front of which they had found him sitting in the truck. Leitner was quoted as saying he had served a term of about two years in an Illinois penitentiary for robbery.

KILLED IN COLLISION

JOHN E. WHALEN JR.

FUNERAL SERVICE TOMORROW FOR JOHN E. WHALEN JR.

Victim of Auto Collision Was Clerk in City Assessor's Office Last Three Years.

Funeral services for John E. Whalen Jr., 2614 Allen avenue, a clerk in the City Assessor's office, who was killed Saturday night when his automobile collided with a truck near Jerseyville, Ill., will be held at 8:30 a. m. tomorrow at the Church of the Immaculate Conception, 1701 Longfellow boulevard, with burial in Calvary Cemetery.

Mr. Whalen, who was 32 years old, had been an employee in the Assessor's office for about three years. Surviving are his father and four sisters, Sister Mary Olivette, Miss Mary Gertrude Whalen, Miss Clara Whalen and Miss Marjorie Whalen.

'OLD DUTCH' STOCK DEALINGS CAUSE INDICTMENT OF SEVEN

Accused of Fraud by Manipulation of Shares After Sale to Public.

WASHINGTON, Oct. 19.—The Securities Commission announced today indictments had been returned against seven individuals charged with defrauding "a large number of persons" in Michigan through dealings in Old Dutch Refining Co. stock.

The defendants, the commission said, were Melvin D. Haynes, A. Paul Benner, Angelo Fraino, alias Angelo Franco, Leroy Brooks, alias John Bookbinder, Douglas F. Wood, Harry Goldman and William Wiseman.
The alleged fraud occurred between June 1, 1935, and June 1, 1936. The indictment contained 12 counts, the first six charging mail fraud, the next five violations of the fraud provisions of the Securities Act of 1933, and the last alleging conspiracy. The indictment alleged the scheme to defraud was accomplished through a corporation which entered into an agreement with the Old Dutch Refining Co., of Muskegon, Mich., to sell to the public, on behalf of the company, 450,000 shares of 6 per cent convertible cumulative preferred stock, at \$1 per share, 15 cents of which was to be retained by the corporation.

Thereafter, the indictment said, the defendants did "manipulate and cause to be manipulated the over-the-counter market in said shares of stock, which manipulation would and did, as the defendants in this scheme intended, create, establish and cause false, fraudulent, unwarranted and misleading and misleading and rising market prices for the said shares of stock."

GUFFEY SAYS G. O. P. USED SIGNS FOR DONORS' NAMES

Charges Symbols on Main Books Represented du Pont, Atwater Kent and Others.

NEW YORK, Oct. 18.—The New York Times says Senator Joseph P. Guffey (Dem.), Pennsylvania, asserted in an interview that campaign contributions totaling \$29,250 had been made to the Maine Republican Committee and listed in party records with symbols.

Guffey, the newspaper says, asserted the Democratic Senatorial Campaign Committee of which he is chairman, found that symbols used in the marking system represented William du Pont Jr., A. Atwater Kent, George F. Baker and others.

The Times quoted Guffey also as saying, "we have been advised that the Republican State Committee in Maine received contributions of \$46,275 for the recent State election in excess of the sum previously reported to the Senatorial Investigation Committee."

"It has been brought to our attention that the Republican Committee disbursed \$500 to Frank Mudgett, State Manager of the Townsend Plan, to reimburse it for the expense incurred by a group of delegates who attended the Townsend convention in Cleveland," Guffey, according to the newspaper, said du Pont's contribution was \$5000 and Kent's \$4000.

Others named as having been identified by symbols, the Times said, were Albert P. Bradley, Greta Barndale Brown, Donaldson Brown and John J. Schurman Jr., all of New York.

EXECUTED AT INDIANA STATE PRISON FOR HOLDUP MURDER

MICHIGAN CITY, Ind., Oct. 18.—Clarence E. Thomas, 31 years old, of Fort Wayne, was executed at the State prison here early this morning for the murder of Harry Zumbum, Cherubusco filling station operator.
Thomas killed Zumbum during a holdup last July 3 in which he obtained \$27. He pleaded guilty.

SIX KILLED IN AUTO ON GRADE CROSSING

St. Louis-to-New York Passenger Train Collides With Car at Dayton, O.

By the Associated Press.
DAYTON, O., Oct. 19.—Six persons, out for an evening of merry-making, were killed at a grade crossing yesterday when their automobile collided with a fast St. Louis-to-New York passenger train on the Pennsylvania railroad.

The dead: Ollie May Hall, 27 years old; Sallie Hunter, 25; Eileen McFadden, 23; her husband, Daniel McFadden, 28; John A. Mangano, 28, and Ira Towles, 28, all of Dayton. The women were killed outright. Mangano died shortly after arrival at a hospital, and Towles and McFadden within a few hours. No details of the tragedy were ascertainable from the victims, Towles being able to mumble only his name and address before he died.

The crossing, westman said, three warnings had been set as the Pennsylvania line's Gotham Limited roared toward the intersection. Gates had been lowered, red lights hung from the barriers and a crossing bell was ringing, he said.

Two College Students Killed in Dedham (Mass.) Collision.

By the Associated Press.
DEDHAM, Mass., Oct. 19.—Two Wheaton College women were killed and six other auto passengers were seriously injured in a two-car head-on collision on the Boston-Providence highway here early yesterday.

The dead were Emily Thomas, 22 years old, and Elizabeth Shippe, 22, both of Pawtucket, R. I. Police said the college women were passengers in a car driven by Miss Marian Gregory of Maplewood, N. J., when it was struck by the auto driven by V. J. Bourget of Boston.

Man and Wife Killed on Crossing Near Robinson, Ill.

By the Associated Press.

ADVERTISING CAMPAIGN TO GET DELINQUENT TAXES BEGUN

About \$12,500,000 Outstanding, City's Share \$5,500,000; Called Only Hope for Relief.

The advertising campaign to collect delinquent taxes as a means of raising money for relief began today with a newspaper advertisement in which Collector William F. Baumann urged delinquent taxpayers to settle their obligations. The advertisement said delinquent tax collections were the only hope for relief this winter for thousands of St. Louis families, as the city's relief bond issue fund is nearly exhausted. The bond issue money will be gone by Dec. 1.

Outstanding delinquent taxes total about \$12,500,000, of which the city's share is about \$5,500,000. It is estimated that \$1,300,000 will be needed to meet relief requirements from Dec. 1 to April 1.

Chancellor Schuschnigg Evokes Enthusiasm With Assassinated Dictator's Voice.

VIENNA, Oct. 18. — More than 300,000 Austrians crowded the old Imperial Parade Ground today to cheer Chancellor Kurt Schuschnigg at a rally of the Fatherland front.
The crowd, many of its members in the colorful peasant costumes of the provinces, was thrilled into silence by the dramatic reproduction of the voice of Chancellor Engelbert Dollfuss, who was assassinated in a Nazi putsch in 1934.

"Awake," Dollfuss' voice shouted from a phonographic record of the former dictator's speech to a similar audience several years ago.

Amid the outburst of cheering, Dr. Schuschnigg stepped to the platform and assured the convention Austria would follow in the path Dollfuss set.
The Chancellor announces 200,000,000 schillings (about \$37,500,000) had been appropriated to create work on public projects and, amid rising cheers, pledged the Government to try to reduce the cost of coal and milk.

There were no disturbances, although Socialists distributed pamphlets. In Dr. Schuschnigg's declaration of policy yesterday he gave guarded encouragement to Austria's Monarchists and hinted that the people may some day have an opportunity to decide whether Archduke Otto will become Emperor.

JOE LOUIS FAILS TO APPEAR AT RALLY NEAR E. ST. LOUIS

Telegram Says Pugilist's Contract Prevents Appearance for Political Purposes.

Joe Louis, Detroit Negro heavyweight, failed to appear in the political ring yesterday at Harlem Country Club in Eagle Park, near East St. Louis, where he was carded for a speech at a Negro Democratic rally. A telegram was read in which it was explained that his contract as a pugilist required that he make no appearances for political purposes.

The audience of several thousand Negroes again was disappointed when Gov. Horner was unable to appear as scheduled.

The major burden of speech making fell on Congressman Arthur W. Mitchell of Chicago, first Negro Democrat elected to Congress. "There isn't 50 cents difference between Landon and Hoover," he said, "and you know what Hoover did for us."

KILLED AT CROSSING

ELROY LANGE.

DRIVER STOPS FOR ONE TRAIN; ANOTHER HITS AND KILLS HIM

Elroy Lange, 18, Drives on to Worden (Ill.) Crossing After First Passes.

Elroy Lange, 18-year-old grocery clerk, 4728 Hammett place, was killed yesterday afternoon when an automobile he was driving was struck by a Big Four passenger train at Worden, Ill., in Madison County.

The youth had driven to Alhambra, Ill., with his parents, Mr. and Mrs. Henry J. Lange Jr., and then had borrowed his father's car to go to Worden to visit relatives. According to a report of the accident, he stopped at the grade crossing while a freight train passed, then drove on to the tracks in the path of the fast passenger train. The automobile was demolished.

MEMBERS OF FILIPINO BAND CONFESS TERRORIST PLOT

Arrests Followed Series of Bombings and Fires in Manila on Oct. 5.

By the Associated Press.
MANILA, Oct. 19.—Constabulary Officials said today they had obtained complete confessions that a group of Sakdalistas, Philippine extremists, engineered the Manila bombings and fires of Oct. 3 in a plan to overthrow the Government.

Five Sakdalistas were arrested following the explosions that started a \$500,000 fire in a hardware plant and cut a water main which supplied North Manila. Others of the organization are being sought.

The Sakdalistas, who advocate immediate Philippine independence, had intended to start a reign of terror that night, the constabulary officers said.

A half dozen explosions and 15 fire alarms, eight turned in while firemen were fighting the hardware plant blaze, were listed as parts of the original plan to terrorize the city.

The confessions allegedly related how bombs, previously discovered by officers of Malabon, south of Manila, likewise were to have been used that night. Five unexploded bombs were found in Manila.

The Sakdalistas started an uprising in two provinces in May, 1935. More than 60 of their members and constabularymen were killed before the disturbance was quelled. Benigno Ramos, head of the Sakdal, fled to Japan.

MINISTER TO LIBERIA IN CITY CAMPAIGNING FOR ROOSEVELT

Lester A. Walton Is Only Negro in American Diplomatic Corps.

Lester A. Walton, United States Minister to Liberia, the only Negro in the American diplomatic corps, was in St. Louis today on a speaking tour in which he is addressing members of his race in a number of large cities, in behalf of the re-election of President Roosevelt. He is to speak Wednesday night, at a place to be announced.

Walton, a former St. Louis newspaper reporter, is visiting his mother, Mrs. Benjamin A. Walton, 4528 Garfield avenue. Since his recent return to the United States, he has spoken in Boston, Philadelphia, Brooklyn and Jersey City, and he has speaking dates in Cleveland and Detroit.

He went to Liberia a year ago, and has since been dean of the diplomatic corps at Monrovia, capital of the West African Negro republic. He said today that Liberia's three-year plan for economic rehabilitation, carried out with the help of expert advisers, mostly Americans, was working out satisfactorily, and that President Edwin Barclay's road-building program was helping to develop the interior of the country.

CANON OF WESTMINSTER DIES

The Rev. William Hartley Carnegie Was 76 Years Old.

By the Associated Press.
LONDON, Oct. 19.—The Rev. William Hartley Carnegie, rector of St. Margaret's and canon of Westminster since 1913, died last night. He was 76 years old.

The Rev. Mr. Carnegie was author of many books on religious subjects, particularly concerning the church in its relations with education and Government. He was a graduate of Magdalen College, Oxford, and was ordained in 1887. After filling several provincial pulpits, he became Speaker's chaplain in the House of Commons in 1916, Archdeacon of Westminster in 1918, and subdeacon of Westminster Abbey in 1919.

ACCIDENTALLY KILLED WHEN SHOTGUN SLIPS

Germaneo Delleidotti, 15, Shot in Neck by Own Weapon in Collinsville.

Germaneo Delleidotti, 15 years old, was accidentally killed yesterday at Collinsville when a shotgun slipped from between his knees and was discharged as he reached to catch the core of a pear, playfully thrown to him by a passing girl.

The youth and two companions were playing at the sand storage bin of the Pennsylvania Railroad near the station. They had been firing in turn at cans and other objects. As Germaneo stood on top of an 8-foot concrete wall around the bin, he called to Irene Galloway, 15, to throw him the rest of the pear she was eating.

He gripped the shotgun between his knees to make the catch but it slipped and the shell in the chamber was exploded as it struck the wall. The charge struck him in the neck and he was dead when help arrived. It was the last shell that the boys had with them.

He was the son of Mr. and Mrs. Germaneo Delleidotti, 418 North Wickliffe avenue, an eighth-grade student at St. Peter and Paul's parochial school. His companions were Ronald Davies, 5230 Paulian place, St. Louis, and Pierce Ogle of Collinsville.

STATES DIFFER WIDELY ON SILICOSIS

National Survey Shows Conflict in Laws and Decisions.

By the Associated Press.
PITTSBURGH, Pa., Oct. 19.—The legal phase of industry's fight to coordinate the knowledge and awareness of employers and workers on the problem of occupational diseases is summarized in a report of the National Survey of Laws and Decisions on the problem of occupational diseases.

Research still is going on to determine what science knows or suspects to be true about the many diseases that man through air pollution. The survey went on to the laws and legal decisions of the States and of the Federal Government, and was begun in the fact that the States differ widely on the problem of occupational diseases.

Paintings in Pittsburgh.

lems . . . are legal as well as med-
ical and engineering."
Intensive Study Needed.
"No solution of benefit to soci-
ety as a whole," commented Mel-
ler, "can be reached without in-
tensive study of the manner in
which the problem is affected by
law."

The report traced the gradually
growing recognition in law of the
premise that workmen's compen-
sation is due for occupational dis-
ease disabilities as well as trauma-
tic injuries (wounds), but
showed a wide divergence of legal
opinion and practice in deal-
ing with the subject.

Workmen's compensation acts
have been passed by 46 States—
all but Arkansas and Mississippi—
but only 17 States and the District
of Columbia grant compensation
for occupational diseases.

In five of the latter, however,
silicosis—one of the most prevalent
of occupational diseases—is not in-
cluded in the list of compensable
diseases.

Silicosis drew sharp attention
earlier this year during a congress-
ional investigation of the cause of
illness of many workmen in the
Hawthorne tunnel project of
southern West Virginia.

Silicosis Mentioned Often.
Silicosis, mentioned frequently by
name in the report, is a form of
lung disease caused by inhalation
of silicate dust.

Meller suggested that the lack of
uniformity disclosed by the survey
and the confusion of statutes and
court decisions were due to the lack
of definite knowledge and the pauc-
ity of standards on the subject in
the fields of medicine and en-
gineering.

He predicted that these shortcom-
ings would be remedied by diligent
study and the scientific research
now in progress.
In New Mexico the Compensation
Act requires workmen to take phys-
ical examinations, while in New
York the 1936 law covering silicosis
and other dust diseases expressly
prohibits compulsory medical exam-
ination. Missouri provides for ex-
amination once a month, North
Carolina prior to and during em-
ployment. Five states, Kentucky,
Massachusetts, New York, North
Carolina and West Virginia, defi-
nitely recognize some type of med-
ical board to diagnose occupational
disease and advise administrative
boards.

States' Contrasting Views.
Contrasting views are held by
states as to the rights of workmen
to compensation for occupational
disease under common law.
Illinois, Michigan and Ohio courts
have held such rights never existed,
and a similar ruling has been han-
ded down in North Dakota. Recovery
under common law in Connecticut,
Georgia and Texas was termed "ex-
tremely doubtful."

There is some doubt whether com-
mon law recovery of damages is
possible in Delaware, Iowa, Maine,
Maryland, Massachusetts, Oklaho-
ma, Oregon, Pennsylvania, Rhode
Island, Tennessee, Virginia and
Washington.

"That such right does exist," the
report added, "seems well settled in
California, Kansas, Kentucky, Lou-
isiana, Minnesota, Mississippi, Mis-
souri, Nebraska, New Hampshire,
New Jersey, New York and West
Virginia."

"It should be noted, however, that
occupational disease is compensable
to some extent under the compen-
sation acts in all of the states of this
group except four—Kansas, Lou-
isiana, Mississippi and New Hamp-
shire."

Court decisions on the subject
were not found in the other states.
The states in which occupational
disease is compensable were Mary-
land, California, Connecticut, Illi-
nois, Kentucky, Massachusetts, Min-
nesota, New York, North Carolina,
North Dakota, Ohio, Rhode Island,
West Virginia and Wisconsin.

In West Virginia, silicosis was sin-
gled out as the only disease com-
pensable under the law.

FARM SURPLUS PURCHASES

approximately 2,500,000 pounds of
surplus farm products have been
purchased since 1933 for relief dis-
tribution. Between Oct. 1, 1935, and
Sept. 1, 1936, the department said,
the cost of goods acquired by the
Federal Surplus Commodities Cor-
poration was \$13,900,000.
Expenditures were largely for

By the Associated Press.
SAN FRANCISCO, Oct. 19.—Sev-
enteen men and boys at a football
game here yesterday were injured
by the explosion of toy balloons.
The rubber bags, each carrying
political advertisement, exploded in
the outstretched hands of the crowd
that had left the stands to grab
them. Mayor Angelo J. Rossi, sit-
ting a short distance from the puff
of flame which resulted, said he
thought the balloons were ignited
by a cigarette.
Many persons also were hurt in
fist fights that marked the game.
Scores were knocked down.
The game was between the team

IMPROVED FORECASTS ON FLOODS DISCUSSED

Roscoe Nunn and Hydrologists
Confer on New Aid for
Endangered Cities.

Plans for developing more ac-
curate methods of forecasting floods
and river stages were discussed at
a conference Friday and Saturday
in the office of the United States
Weather Bureau here. Montrose W.
Hayes, chief of the river and flood
division of the Weather Bureau at
Washington, Albert L. King and
Bertram S. Barnes, recently ap-
pointed river hydrologists, and Ros-
coe Nunn, head of the local weather
bureau, took part in the conference.
Funds have been allocated by the
United States Weather Bureau for
studies of rainfall and stream flow
in order to obtain more complete
daily reports which would make
river forecasts more accurate. King
has been appointed hydrologist at
Kansas City and Barnes at Daven-
port, Ia., to make those studies. No
appointment has been indicated yet
for St. Louis.

At the present time the study is
being planned only for the Missis-
sippi and Missouri Rivers but ul-
timately it is expected to be extended
to all navigable streams. Part of
the task of the two hydrologists
will be to determine where new sta-
tions are to be placed.

The building of the Fort Peck
dam, near the headwaters of the
Missouri in Montana, is the pri-
mary reason for the creation of
King's job in Kansas City. The
dam will help keep a nine-foot nav-
igable channel in the Missouri
from Sioux City to St. Louis. King
will study the effect of the dam
on the river's stage and flow.

Barnes and King will concern
themselves mostly with research
for several months before changing
the present methods of forecasting.
At the present time, the St. Louis
Weather Bureau issues river fore-
casts for the Missouri River from
Kansas City to the mouth, the Mis-
sissippi River from Louisiana, Mo.,
to Cape Girardeau; the Meramec;
the Black, the Grand and part of
the Illinois rivers. The forecasts
are based on daily reports of stages
and rainfall from various points
along the rivers.

The new service is designed pri-
marily to aid shippers and flood-
menaced cities.

3 INJURED IN PLANE CRASH
Evanston Negro at Burlington,
Wis., Piloted Machine.

By the Associated Press.
BURLINGTON, Wis., Oct. 19.—
Three men were injured when their
airplane fell from a height of about
75 feet into a farmer's field near
here yesterday.
Fred Hutchinson Jr., the pilot,
a Negro of Evanston, suffered shock
and possible brain concussion. His
passengers, Earl Genest and Simon
P. Loesch, both of Highland Park,
were treated for slight injuries.
Hutchinson told authorities he was
flying his companions to visit at
the Frank Demel farm where the
crash occurred. The plane was
circling a field, preparatory to
landing, when it fell, crushing one
wing.

A plea for physicians and surgeons
to make an emotional diagnosis of
a patient's personality as well as
a medical examination as a distinct
aid to treatment was made today
before the opening meeting of the
clinical congress of the American
College of Surgeons.

Dr. James S. McLester of Bir-
mingham, Ala., former president of
the American Medical Association,
criticized vigorously the cool, aloof
practitioner who regards a patient
"merely as an aggregation of tissues
and organs; each of which is ex-
pected to respond to outside agents,
whether physical, chemical or bio-
logical, with almost mathematical
precision."

Dr. McLester's indictment in-

cluded the suggestion that each pa-
tient be regarded as "a human be-
ing with an infinite variety of psy-
chic and emotional reactions." If
these individual reactions are con-
sidered "and, when ever possible,
molded into forms that are pleas-
ant, then the nature of his disabil-
ity will be more clearly understood,
and in many instances his recovery
will be facilitated," he declared.

FORUM'S "Streamlined Shopping" PLAN

O.K.'d BY HUNDREDS OF WOMEN DAILY...

"It Really works --
Betty and I Tried It"

AT 10:00 A.M. SHARP—

We met in the ready-to-wear department. The sales girls weren't busy and two of them had time to wait on me. The third suit they brought out was just what I wanted, marked down, too. This is it—how do you like it?

BY 10:45 A.M.—

We were looking for a hat to go with it. Being early, we were lucky to get first choice of a new shipment they just unpacked this morning. I never found a hat before in 12 minutes flat. Betty says it's darling.

11:00 A.M.—

And we were across the street looking at shoes. Here again, no waiting, and plenty of attention. I like personal service like that, and these new high top pumps are the most comfortable I've had in years.

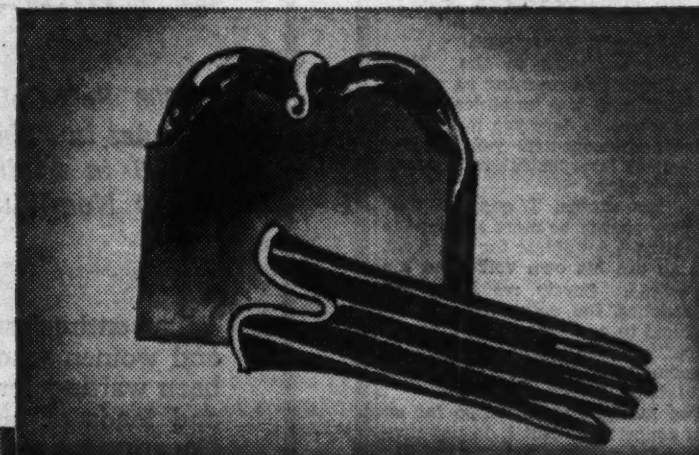

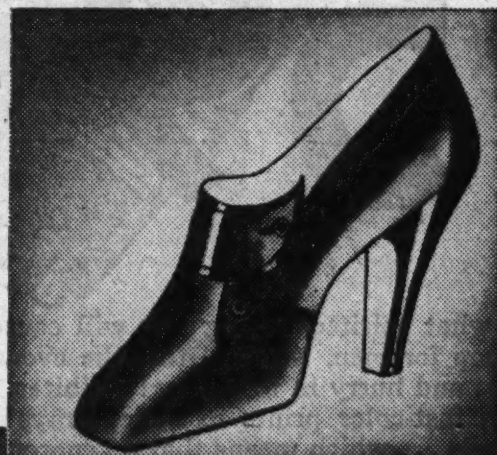

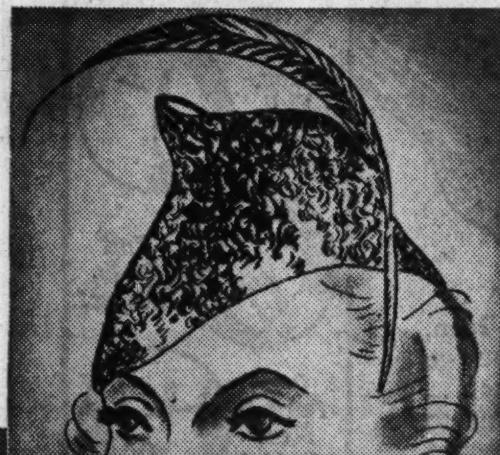

11:17 A.M.—

"Well, you're taking your shopping like Grant took Richmond," Betty laughed; so we decided to look for gloves, and a bag to match my shoes all before lunch. And we did it!

HERE'S THE PLAN:

- Shop Mornings to Find the Cutest Clothes and Best Bargains
- Stop for a Refreshing Lunch at the Forum
- You Save Enough on Lunch to Go to a Show

11:45 A.M.—"ALL THROUGH?"—Betty gaped in amazement. "And I've always rushed around for days from store to store! Well, the lunch is on me—your Shopping Plan is worth it." So we went to the Forum and had a delicious lunch with Chow Mein for only 59c—both of us!

12:30 P.M.—Stopping for lunch refreshed us both, and it cost so little, we decided to make a day of it. So we checked our packages. (The Forum has a convenient check room). So I took Betty to the show—and we got home by three! Now, that's a *streamlined* shopping day, don't you think?

VANDENBERG SAYS BROADCAST ROW IS CLOSED INCIDENT

In Telegram to Communications Commissioner Asks for 'Fair Play and Clean Elections.'

ASSERTS SPEECH WAS ETHICAL

Radio Company Which Barred Part of It From Air Cancels Charge but Won't Rebroadcast.

By the Associated Press.

NEW YORK, Oct. 19.—Senator Arthur H. Vandenberg, whose "debate" with the recorded voice of President Roosevelt was cut off of the air by Columbia Broadcasting System last Saturday night, said today the incident "is closed so far as I am concerned."

This statement was made in a telegram to George Henry Payne of the Federal Communications Commission, in which the Michigan Senator said: "The complaint that someone might have thought Mr. Roosevelt was participating in the broadcast in person is ludicrous. The announcement was clear and specific that he was not present and that his quotations dated back to 1932 and 1933."

Denies Disrespect. "You are quoted in the New York Times this morning as saying the broadcast was unethical and disrespectful. I defy you to identify a single disrespectful word unless you call it disrespectful to prove a broken pledge."

"As for ethics, I suggest that fair play cannot be more scrupulous in quoting a candidate for president than to use his own voice and his own words. Surely we have not yet reached the point where it is unethical to compare specific promises with specific performances in assessing the record of candidates for high public place."

"The incident is closed so far as I am concerned. But I do not propose to be unethically attacked for submitting a legitimate challenge to the Democratic nominee for President of the United States. I think my record proves my complete respect for the presidency and my constant devotion to clean politics. In return, ask for fair play and free elections."

Likes "Debate" Idea. Senator Vandenberg made this telegram public at the Eastern Republican headquarters here, which he visited on his way to Trenton, N. J., where he will speak tonight. Senator Vandenberg said he did not know who originated the idea of the "debate" with a recorded voice, comparing the record of today with the statements of yesterday, saying: "I can't claim it, I'm sorry. I think it is a very clever idea, and it will have a beneficial effect on campaigns from now on. The Democrats can use it as well as the Republicans, and if anyone is hanged by his words, that's his own fault."

Senator Vandenberg was asked for a prediction on the outcome of the Nov. 3 election, and said: "I think it's unpredictable, and I'm not making any predictions."

Radio Firm Cancels Charge But Refuses Rebroadcast.

CHICAGO, Oct. 19.—A demand by the Republican National Committee for a rebroadcast of Senator Arthur H. Vandenberg's interrupted "fireside chat" Saturday night with the recorded voice of President Roosevelt, was denied last night by the Columbia Broadcasting System.

Vandenberg's speech was cut off a number of Eastern stations of the Columbia chain and was heard with some delay and interruptions over most of the Western outlets when he attempted to use a phonograph record of the President's voice as a part of his program.

Hill Blackett, director of the public relations division of the Republican National Committee, issued a statement demanding a rebroadcast because "the committee did not get value received for the money spent and the time allotted for the broadcast."

Columbia replied that "Since Mr. Blackett has expressed the opinion that in the broadcast he did not get value received, we are canceling the charge for that broadcast."

"Columbia has always refused to broadcast phonograph records or electrical transcriptions over its network," the Columbia statement said. "We will neither give nor sell time to the Republican party to broadcast a program in which the President's voice, or any other voice, is either reproduced on a phonograph record or simulated by an actor."

RAISES LEMONS AND ORANGES

R. M. Frank Started Trees From Seed; Produces 8 Dozen Oranges. Lemon and orange trees which R. M. Frank, 6402 Enright avenue, raised from seeds planted in his back yard have borne fruit this year. The lemon tree produced 34 lemons, one nearly the size of a grapefruit, and the orange tree yielded eight dozen oranges. Frank, a real estate dealer, has made a hobby of growing trees which do not usually thrive in this climate.

Says at Elko That He Shot Three Cattle Ranch and Itinerant After Getting \$40 in Holdup.

FIRE WHEN ONE TRIED TO RES

Picked Up for Question About Another Crime He Gave Clew Lead to Finding of Bodies

By the Associated Press.
ELKO, Nev., Oct. 19.—L. Jones, 32 years old, an ex-convicted yesterday the killing of four men, three of them ranchers, in a \$40 holdup. Jones is being guarded closely by officers.

Sheriff C. A. Harper said he admitted shooting the four men near the Elko stockyard. Cause one of them resisted, he said. Jones, who disappeared from the stockyard Friday, was found with the fourth man Saturday. Sheriff Harper said Jones took \$40 from the rancher and marching them to the cabin. There, an itinerant occupant, Joe Stecca, tied the rancher to his order. Jones was quoted as saying, "I was going to tie him (Stecca) up," the statement given out. Sheriff added, "and he started strike back at me and I shot him in the head."

"He fell over the other and one of the three fellows 'Help!' I shot the three—"

"I got some clothes that hanging inside the shack and changed them up. None of them making any noise. "I then shut the door and some wood in front of it. I went out on the highway and walked a mile and a half and fellow came along to a little (Carlin) where I was arrested. Two of the ranchers, Otto and 42, and Walter Goddard, some here from Carson Valley, purchased cattle from the Samuel Arrasade, 51, of Elko. Jones was arrested Friday as Department of Justice from Salt Lake City sought for abducting Levon Nell, (Utah) taxicab driver, and a cab.

Sheriff Harper said Jones drew the remark from that the three missing men be found in the cabin. That discovery of the bodies. J. Edgar Hoover, director Federal Bureau of Investigation in Washington that Jones been convicted of automobile three times in Indiana, a burglary twice in Montana. Jones said they learned Jones born in Indiana and had a wife and three children in state.

Prisoner Has Served Three in Montana Penitentiary DEER LODGE, Mont., Oct. 19.—Warden Austin B. Middleton Montana State prison said that Luther Jones, under an Elko, Nev., had served three in the penitentiary here. Jones, alias Carl Peterson, released Oct. 9, the warden after serving one year on a charge filed at Billings previous terms were three on a felony charge of which warden said he had no record another forgery count. Jones' record, the warden showed he was arrested twice in Marion, Ind., and once at Crown Point, Gary and Seattle. The charges include robbery, motor vehicle theft, assault and battery.

Orchestra Director Takes New York Every Saturday For Los Angeles.

NEW YORK, Oct. 19.—Kostelanetz, orchestra director and pianist, flew to Los Angeles Saturday in the most of courtships. Every week, for months, Kostelanetz has flown Saturday to Los Angeles to the week-end with Lily Pons, singer and back again. He is here to pick up his wife. Kostelanetz has covered almost all the end is not for Miss Pons has many months ahead making picture Hollywood.

To the skeptics who insist the pair has been secretly married, Kostelanetz says: "No, not married. That is the truth. They are still in the stage." When this all started Kostelanetz decided to take flying lessons, and he did become a pilot. But he never became expert enough to warrant purchase of a plane.

as Department of Justice agents
from Salt Lake City sought him
after abducting Levon Neil, Ogden
(Utah) taxicab driver, and stealing
the cab.

Sheriff Harper said questioning
of Jones drew the remark from him
that the three missing men might
be found in the cabin. That led to
discovery of the bodies.

J. Edgar Hoover, director of the
Federal Bureau of Investigation,
said in Washington that Jones had
been convicted of automobile thefts
three times in Indiana and of
forgery twice in Montana. Officers
here said they learned Jones was
born in Indiana and had a divorced
wife and three children in that
State.

Prisoner Has Served Three Terms
in Montana Penitentiary.

DEER LODGE, Mont., Oct. 19.—
Warden Austin B. Middleton of the
Montana State prison said yester-
day Luther Jones, under arrest at
Elko, Nev., had served three terms
in the penitentiary here.

Jones, alias Carl Peterson, was
released Oct. 9, the warden said,
after serving one year on a for-
gery charge filed at Billings. The
previous terms were three years
on a felony charge of which the
warden said he had no record and
another forgery count.

Jones' record, the warden said,
showed he was arrested twice at
Huron, Ind., and once each at
Crown Point, Gary and Greent-
castle. The charges included petit
larceny, motor vehicle theft and as-
sault and battery.

ANDRE KOSTELANETZ FLIES
TO LILY PONS EACH WEEK-END

Orchestra Director Takes Plane in
New York Every Saturday

NEW YORK, Oct. 19.—Andre
Kostelanetz, orchestra director
and master, flew to California
again Saturday in the most modern
of courtyards. Every week, for four
months, Kostelanetz has flown on
Saturday to Los Angeles to spend
the week-end with Lily Pons, opera
singer, and back again Monday
night to pick up his work again
here in New York. The courtship
already has covered almost 100,000
miles, and the end is not in sight,
for Miss Pons has many more
months ahead making pictures in
Hollywood.

To the skeptics who insist that
the pair has been secretly married,
Kostelanetz says: "No, no we are
not married. That is the truth. Our
plans are still in the formative
stage."

When this all started Kostelanetz
decided to take flying lessons him-
self, and he did become a pilot of
sorts. But he never became profi-
cient enough to warrant purchasing
a plane.

17,300 Miles of New Roads in Year.

WASHINGTON, Oct. 19.—With
the Government's help, the Bureau
of Public Roads said yesterday that
17,300 miles of road were completed
during the year ended last June 30.
The bureau said 21,800 miles of road
construction were placed under con-
tract during the year. The cost of
completed projects was placed at
\$280,000,000, of which the Govern-
ment furnished \$241,000,000.

CLABORNE, Md., Oct. 19.—
Three men drowned in Chesapeake
Bay yesterday after clinging all
night to their wrecked 32-foot sloop
more than a mile from the shore off
Kent Island, north of here. The
body of one was found in the rig-
ging. The other two have not been
found. The fourth man, J. Chace
McKenzie, owner of the sloop which
capsized in a storm, swam ashore
after daylight.

All four were employees of the
Bureau of Navigation and Steam-
boat Inspection in Washington and
had gone for a pleasure cruise on
the bay.

The man whose body was found
was Edward Winkler of Washing-
ton, counsel to the director of the
bureau. The other two were Glenn
Warner, 28 years old, and Howard
Ralph, 31, both of Washington.

The first knowledge of the tragedy
came during the morning when H.

R. Hamberry, keeper of the Bloody
Point light, off Kent Island, saw
the wreckage of the sloop near his
light. He went to investigate and
found the body of Winkler caught
in the rigging where he apparently
had become exhausted and drowned.

About the same time, McKenzie,
now in an Easton (Md.) hospital,
staggered ashore on the bay side
of Kent Island. He lay exhausted
for nearly two hours in a field, he
said, and then made his way across
the island to a group of fishermen
who took him to a hospital.

McKenzie said that after clinging
all night to the wreckage of the
sloop, he set out at daylight to
swim ashore and seek aid. His
companions were all alive when he
set out for the shore about 4 a. m.,
he said.

He was chosen for the effort to
seek aid, he explained, because he
was the only one of the four who
could swim.

The four, he said, had only two

life preservers among them. So
suddenly had the storm blown up
and wrecked their sloop that they
had been able to salvage only these
two from the cabin.

Hamberry reported that when he
went to investigate the wreckage
of the sloop there was no sign of
the other two men.

Man Kills Neighbor on Street

Special to the Post-Dispatch.
HOPE, Ark., Oct. 19.—Van Derry-
berry Sr., 66 years old, was killed
shortly before noon Saturday in the

main business district by a man

whom officers said was Hiram Hen-
bree, 35, a neighbor of Derryberry
for nearly 20 years. Derryberry's
son told officers that Hambree

walked up to his father on a cor-
ner and declared, "I'm going to kill

you," and opened fire with an auto-
matic pistol. The shooting was wit-
nessed by a number of shoppers.

LOCAL HIGH SCHOOLS PLAY 15 FOOTBALL GAMES THIS WEEK

The Fore and Aft Tackle in Intersectional Game

One of the big thrills in the Tulane-Colgate game at New York, Saturday, was this two-way tackle. Howard Bryan, half-back of the Green Wave from the South, is grabbed from front and rear and thrown for a slight loss. Tulane won the game, 28-6.

Touchin' on and Appertainin' to Football Upsets, Jimmy Conzelman Has No Alibi for Boston Defeat

By Jimmy Conzelman.

Head Coach, Washington University.

If you are looking for upsets, it doesn't take much effort this week. It was somewhat of a shock to see that Duquesne beat Pittsburgh, but why not? Duquesne, for the past several years, has had one of the best teams in the East. The year before Elmer Layden went to Notre Dame his Duquesne boys held Pitt to a one touchdown victory. The Pittsburgh scouts told us before our game with Notre Dame that they feared the Duquesne team more than any other this year.

Princeton's defeat at the hands of Pennsylvania was, naturally, an upset because of the great record of the Tigers during the past two years. Penn is strong and Princeton is a touchdown or two below the standard of last year.

That Boston Game. Our Washington team lost to Boston. We had no chance to score outside of the fourth quarter when a fumble stopped the short-lived rally that followed Ferecky's scintillating return of a punt. The teaming rain, that at times almost obscured the vision of the handful of spectators, made handling of the ball precarious and every Washington fumble seemed to be recovered by an opponent. Boston rallied in the first quarter and scored after a drive down the field. The ball during this period was dry, or partially so, and when later we had possession of the ball, it was as difficult to handle as a greased pig at a county fair.

Carnegie Tech's conquest of Temple made the critics look bad for a Pop Warner loss was about the last thing anybody expected. Cornell's defeat of Syracuse indicated strength for the former or weakness in the latter.

Everyone felt sorry about Tulane this year and for the first few weeks most of us, influenced by early season reports, held the Tulane team too lightly. The decisive defeat of Colgate ranks the Southerners in the higher circles of football society.

Let's not forget to toss an orchid to Texas A. and M. for their comparatively easy victory over Texas Christian last Saturday. The latter was supposed to be some pumpkins around the Alamo district and many believed T. C. U. to be the best bet for the Rose Bowl.

The Praise for Missouri. I thought the Missouri showing celebrating the Panthers' victory over Ohio State was fine.

The Dukes invaded the gloomy Pitt campus where a squad of police had been stationed to prevent trouble.

Students of the two schools formed long lines, waving each other, and exchanged jibes while a dozen policemen patrolled the space between them.

NATIONAL FIGURE SKATING TITLE EVENT AT CHICAGO FEB. 11 NEW YORK, Oct. 18.—The Executive Committee of the United States Figure Skating Association voted last night to hold the national championships in Chicago, moving the event west of the Alleghenies for the first time.

The championships were awarded to the new Chicago Arena for Feb. 11 and 12.

This Beats Kelley.

It is agreed that but for the kick, undoubtedly accidental, which Capt. Larry Kelley of Yale gave a loose ball in Saturday's game with the Navy, the Midshipmen might have weighed anchor with a victory over the Blue.

The Webers scored twice in the first period but couldn't get going after a 58-yard drive. A 43-yard pass by Dick Cunningham, who had intercepted a pass to give his team the ball, a pass from Tony Wittman to Merle Sangunett, and a plunge by Russ Haasner put the ball on the one-yard line. Wittman took the ball on a reverse for the score.

Cunningham's second interception of a pass by Charles Habel accounted for the second touchdown. Cunningham being in the clear after intercepting the pass.

The Food Centers scored on pass plays. Red Schottel tallied first on a 14-yard end run, and Mark the second on a two-yard line plunge.

Muy Bueno: Adolfo Luque Back in Native Cuba

It's a far cry from the Polo Grounds, but Adolfo Luque, former pitcher and at present coach with the New York Giants, is happy again back in his native Cuba, to rest until baseball call him once more in the spring. At the right is Teniente Torres, Cuban army officer, and at left, standing near Luque's horse, is Capt. Paris.

BEARS TO PLAY DRAKE ELEVEN NEXT SATURDAY

After three successive one-touchdown defeats, the Washington U. Bears, who returned from Boston late last night, this week will try some Missouri Valley competition when they meet the Drake Bulldogs at Francis Field Saturday afternoon. Because they have only two conference games this season, Coach Conzelmann's team will not be eligible for the Valley title, three games being required.

The Bears maintained the "iron man" tradition in Saturday's game with the Boston University Terriers as only three substitutions were made in the course of the contest on a water-laden field. One plunge in the first period brought a touchdown and a 6-0 victory to the Easterners.

Followers of the Washington team today felt that a different result would have followed had the field been dry, conditions being what they were, the Bears' passing attack was null and void and when you stop the passing of Bukant or, rather, prevent him from passing, the Washington offense is greatly weakened.

Drake has been thoroughly schooled by Washington, Percy Gill, freshman coach, having witnessed the Bulldogs' game with Creighton last Friday. Creighton won the game with a last-period rally.

The Bears came out of the Boston game in fairly good shape, the only real casualty being Jones Klein, who, starting at center, was kayoed in the first period. Capt. Al Iezz, though himself on the injured list, then went in and finished the game.

GRIDBALL CHAMPIONS TIED IN FIRST GAME

The Blue Bruisers, defending champions of the St. Louis Gridball League, were held to 6-6 tie yesterday in one of the opening games of the season play in Forest Park.

In the other three games, the Black Hawks blanked the Maroones, Indiana, 10-0; the Tired Business Men defeated the Flying Dutchmen, 12-6; and the Raiders won on a forfeit from the Fighting Irish.

In the feature game, Capt. Dan Schell, backed by Glen Hicks for the touchdown. Bud Romberger tied the score for the Bruisers, running 60 yards for a touchdown.

Collinsville Buffets Win.

The Collinsville "Y" Buffets won the first of a three-game series for the city championship by defeating the Collinsville team of the Southwestern Illinois Intercity Baseball League 2-1, yesterday. The only scores of the game were home runs.

Les Hurst and Olan McIntire hit homers for the winners and Ed Condon for the losers.

Matheny and Moore crossed the goal line for the Gophers and Wilkinson and Faust each added an extra point.

Illinois and Iowa fought desperately, the Illinois bottling the slippery Red Sox and threatening to score twice, once working the ball to Iowa's one-foot line where they lost the ball on downs. Iowa threatened once when they succeeded in working the ball to Illinois' five-yard line but it also lost the oval scoreless tie, the first of the current conference race.

John Drake, Purdue right halfback, continues to lead the conference individual scoring race with four touchdowns for a total of 24 points. Cecil Leibel, Purdue fullback, is close behind with two touchdowns and seven points after touchdowns for 19 points. Don Geyer, Northwestern fullback, jumped into third place with 17 points as the result of two touchdowns, two points after touchdowns and a field goal.

room for the intermission, the modern coach no longer whips them out of the doldrums with a ringing speech. That's old stuff. He simply hands them as much corn sugar as they can get away with and sends them out to take it again.

The sugar does the rest.

The Pioneer "Sugar" Man.

BUT, after all, there isn't much news in that corn sugar story despite the laboratory bulletins being sent out about it.

A couple of decades or more ago we viewed a downtown parade. The streets were lined to see a guy with a mop of blonde hair who, it was said, had just discovered the North Pole.

That was "Doc" Cook. It turned out that all the Doc had discovered was how to get along in the Arctic on the least food. And what do you think was his recipe?

When he left Etah, Greenland, for his long hike toward the North Pole, the most important part of his sledge load was a ration of gum drops!

These brought the Doc back safe and sound after a long absence, even if he did dig some major lying about his discovery of the pole.

Like Father, Like Son.

AT North Dakota University they are campaigning to gain all-America representation for Fritz Pollard, Negro halfback. If successful it will be the first time an All-American father-son combination of Negro football players has been on record.

In fact, not many Negroes have made the all-America grade. The first Negro to be so honored was William H. Lewis, center rush at Harvard University. He gained top rank in 1892 and 1893. He was rated one of the all-time players of his day.

Athletic sons who measure up to their fathers are few and far between in sports. In boxing it has never happened that the son of a world professional champion also held a world title.

Football, more than any other sport, has witnessed the rise of sons of famous fathers.

FEMALE DOG SECOND IN TWO EVENTS OF OHIO FIELD TRIALS

Special to the Post-Dispatch.

ROCKY RIVER, O., Oct. 19.—Chimes Mississippi Jack, white and liver-colored pointer, owned by Col. B. C. Goss of Cleveland, O., won the amateur Ohio championship of the Ohio bird dog trials, which was decided here yesterday. The runner-up was Little Eva, white and liver female pointer, owned by W. J. McGee of Jackson, Miss.

It was only after a final heat that the judges made their decision and the heat between the two dogs was exciting for both dogs found birds, both quail and pheasants, in abundance. The general performance of Chimes Mississippi Jack, however, was somewhat more finished than that of the little Southern pointer.

In the afternoon the derby was decided. The winner here was Lawrence Boy, a pointer owned by John E. Cain Jr. of Nashville, Tenn. This is the same dog which won the American field pheasant futurity last week at Buffalo, and again the dog proved to be a pastmaster not only on pheasants, but also on quail.

The second place winner was the same Little Eva which was runner-up in the amateur championship. Third place went to Garwood, pointer owned by Dr. H. E. Longdorf, of Mount Holly, N. J. All of the three dogs have been consistent winners in the bird dog derbies of the season.

MANY CHANGES IN THE FOOTBALL SCORING LIST

By the Associated Press.

NEW YORK, Oct. 19.—The list of national football scoring leaders was almost completely re-shuffled in the week-end's gridiron surprises, but Bob Davis, Kentucky's touchdown-producing halfback, just laughed it off and went rolling along at the head of the pack.

The Wildcats' ball-carrying action remained the nation's and the Southeastern Conference's No. 1 scorer by adding a pair of touchdowns to his already imposing list, giving him 11 scores for the season and a point total of 66.

He was one of the very few who kept their places in the list of leaders. The first word from the far Northwest brought information that Dick Weisberger, Williamette fullback from East Orange, N. J., has counted six touchdowns, 10 extra points and a field goal for a total of 49, and second place in the national point-making parade.

Cecil Isbell, Purdue's fullback, added 10 points but dropped to third with 44.

Other new names on the list are Pug Manders and Bob Underwood, both of Drake, who each have 42 points; Chet Smith of The Citadel, who replaces Ed Armfield of Davidson as the Southern Conference leader; Fred King of Hobart, successor to Ted Mujiwit of Western Maryland in the East; and Bob Williams, U. C. L. A. fullback, who passed Dave Davis of Southern California and Ed Goddard of Washington State in the Pacific Coast Conference.

ITALY AND GERMANY CONFER

ON STOPPING COMMUNISTS

Nazi Police Delegation Visits Rome and Is Received by Mussolini.

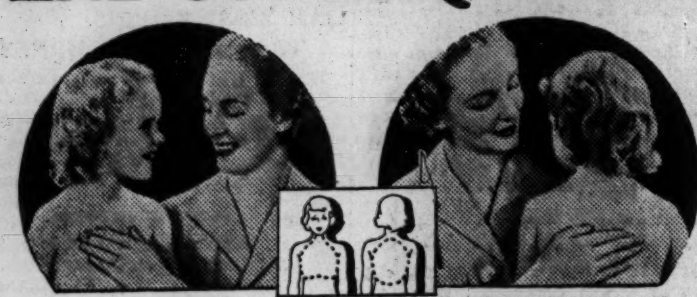

ROME, Oct. 19.—An agreement between Italy and Germany for the restraint of Communists in both nations is reported to have been reached at a conference of Premier Mussolini with Reinhard Heydrich, German chief of police, and Gen. Kurt Daluege, Heydrich's assistant. Mussolini met the German delegation immediately after he held a conference with all Italian chiefs of police, headed by Guido Buffa-

riani, Italian Under Secretary of the Interior. A group of 24 German policemen, here with Heydrich, and Hans Milch, German Under Secretary of the Air, also were received by the Premier.

The meeting today was concerned primarily with the common police fight against Communists. Italian and German police are expected to co-operate by exchanging information on Communist activities.

Paris Bargemen's Strike Ends. PARIS, Oct. 19.—The bargemen's strike on the Seine ended today. Almost all the barriers across the river were removed and normal traffic resumed.

Young Mothers! Here's Help to END COLDS Quicker

The 3-Minute VapoRub Massage

Massage VapoRub briskly on the throat, chest and back (between and below the shoulder blades). Then spread it thick over the chest and cover with warm cloth.

It takes so little time—it does so much—this 3-Minute VapoRub Massage!

Almost before you finish rubbing, VapoRub starts to bring relief two ways at once—two direct ways:

1. **Through the Skin.** VapoRub acts direct through the skin like a poultice or plaster.

2. **Medicated Vapors.** At the same time, its medicated vapors, released by body heat, are breathed in for hours—about 18 times a minute—direct to the irritated air-passages.

This combined poultice-and-vapor action loosens phlegm—relieves irritation—helps break congestion.

While the little patient relaxes into comfortable sleep, VapoRub keeps right on working. Often, by morning the worst of the cold is over.

FIRMS BEING SOLICITED BY UNITED CHARITIES

First Phase of Campaign Begun; R. L. Lund Appeals for "General Welfare."

The local corporations division of the United Charities campaign began active solicitation today, workers visiting the first of 500 firms which will be approached for contributions of \$200 or more. This is the first campaign unit to begin work.

Robert L. Lund, head of the division, in a letter to heads of local firms asserted that "no corporation can hold itself aloof from the general welfare of the community in which it does business."

"A corporation which derives generous benefits from a community must be willing to bear the corresponding burden," he added. "It should maintain a lively interest in social welfare. A corporation cannot hope to thrive if it is surrounded by degeneracy and squalor."

About one quarter of the money raised by community chests is contributed by corporations, Lund continued, but in St. Louis they contribute only 22 per cent.

Assisting Lund as section chairman are Irvin Bettman Sr., Barclay W. Cunningham, Carl Forline, Joseph Newman and Raymond W. Peters.

F. B. Postelthwaite, chairman of the employee division of the campaign, spoke yesterday during the community forum hour on Radio Station KSD, on "United Charities—A Challenge."

Since Catholic Charities, the Jewish Federation and the Community Forum merged their campaigns, he said, the cost of the campaign and administrative charges have been reduced to 7 1/2 per cent of the total amount raised.

MAN STABBED TO DEATH IN FIGHT OVER WHISKY

William Jiles of St. Louis Injured When Brother Is Killed at Kennett.

By the Associated Press. KENNETT, Mo., Oct. 19.—Ernest Jiles, 35 years old, was stabbed to death and his brother, William, 30, 4039 McPherson avenue, St. Louis, was wounded seriously in a fight early yesterday with George Stacy, who lives in a tent here.

The fight, in Stacy's tent, occurred when Ernest Jiles attempted to pour whisky on Stacy's head after Stacy had refused a drink. Stacy was held on a charge of murder.

48-FOOT WIND INDICATOR

Installed at Scott Field, It Is Visible for Five Miles.

A huge wind indicator visible for more than five miles has been installed at Scott Field to replace the old-fashioned wind sock. The indicator, or a type being installed at all army fields, is 48 feet long. It is a tetrahedron in form and as installed looks like half a pyramid which has been laid on its side, then raised and placed on a pivot. The indicator is illuminated at night.

Pilots approaching Scott Field are enabled by the new indicator to determine wind direction without the necessity of flying over the field.

TWO NEGROES KILLED IN ROWS

Woman and Man Stabbed to Death in Separate Quarrels.

Two Negroes were stabbed to death last night in arguments. Willie Smith, 33 years old, laborer, was stabbed at 2037 Carr street by Alfred Jones, 1914 Carr street, who said he acted in self defense. Mrs. Julia Grove, 26, was stabbed during an argument with her husband, Levi, at 2828A Bacon street.

USE POWDER

100% Cleansing Properties
Twice that of tooth paste
No Grit—No Pumice
Cannot possibly scratch the softest enamel
Lasts Longer—Costs Less
Outlasts tooth paste 2 to 1

THERE is nothing known that will clean and polish teeth so quickly and leave them so gleaming white—as POWDER.

That is why your dentist, when cleaning your teeth, as you know—always uses powder.

As it is only the powder part of any dentifrice that cleans, a dentifrice that is ALL POWDER—just naturally cleans best.

Dr. Lyon's Tooth Powder is ALL POWDER—100% cleansing properties. This is more than twice the cleansing properties of tooth pastes.

Do as your dentist does—when he cleans your teeth

Dentists everywhere recommend Dr. Lyon's Tooth Powder, because—teeth simply cannot remain dull and film coated when it is used. Dr. Lyon's cleans off all stains and polishes the teeth in a harmless and practical way that leaves them sparkling—many shades whiter.

Free from all grit or pumice, Dr. Lyon's Tooth Powder cannot possibly

scratch, or injure the softest enamel.

Dr. Lyon's Tooth Powder keeps your teeth REALLY CLEAN and clean teeth mean—firm, healthy gums and the least possible tooth decay.

Once you use powder you will never go back to tooth paste. Powder leaves your teeth feeling so much cleaner, your mouth so refreshed, and your breath so sweet and pure.

Dr. Lyon's Tooth Powder is not only doubly efficient, but it costs only half as much, to use. Even a small package lasts twice as long as a tube of tooth paste.

BREAK THREATEN IN PEOPLE'S FRONT SUPPORTING BL

Radical Socialists Say They Will Not Back Him unless He Refuses Extra Demands.

ACCUSED OF TRYING TO REMAKE SOCI

He Acknowledges That affection of One Person Would Mean Fall of Government.

By the Associated Press. PARIS, Oct. 19.—French Radical Socialists told Premier Leon Blum today that if he desired their continued support he must refuse their demands.

The warning followed a declaration by the Premier that he would not declare a political coalition with the Radicals to resign at once.

The Radical-Socialist declaration came through their party newspaper, *Ere Nouvelle*, which said Blum apparently was striving to "create a new form of social democracy" by uniting with the Radicals and Communists in the political combine, have outspoken in their criticism of Blum's policy and provoking government intervention to keep order.

Blum acknowledged a break in the political lines would lead to the solution of the Chamber of Deputies and force new elections called.

A New Situation. "If one of the parties with its confidence or if we maintain a community of opinion necessary to hold the Popular Front together, there would be a new situation, and that situation would necessarily have a new government," he declared in a speech yesterday at Orleans.

"Anxiety which has arisen among certain of our friends which our adversaries are to exploit was conferred by Communist party."

"It is sincerely asked of Communists don't represent a permanent element which must be eliminated sooner or later, asked, in consequence, if it will result in disintegration of the Popular Front to make way for political formation, installed ashes."

Only One Way to Govern. "Called to power to apply a definite policy, I will make none in the present Chamber. There is no other majority possible in the Popular Front."

"The only way out would be the solution of the Chamber of Deputies."

"Honesty and political responsibility to govern in the present Chamber of Deputies constituted before the elections."

Speaking at a Socialist meeting in Paris, Blum declared that when Parliament reconvenes he would present a new program enabling the Government to stronger measures against "social slanders."

He said the proposed would strike them "where most—in the pocketbook." "We shall attempt to control newspapers, which are, at public enterprises, to publishments of their resources come from advertising," Blum declared.

AMOS PINCHOT TO SUCCEED GOV. LANDON AS 'L'
Brother of Former Penn. Governor Voted for Successor in 1928.

NEW YORK, Oct. 19.—E. Pinchot, New York law described himself as "radical," has joined his brother, Amos Pinchot, former Gov. of Pennsylvania, in support of Landon for President.

A supporter of the late Robert La Follette, the Pinchots in 1924, and of Alfred E. Smith in 1928, Pinchot announced in an open letter addressed to old L. Ickes, the Secretary of the Interior.

"I am inclined to believe that when the time comes this period is written in the history of the country, not merely as an act of political failure but as a tragedy of American progress." "Consequently, I am going for Gov. Landon. I will vote for the foregoing reason, also because I think he is the best man for the job. He is character and common sense. He is not as advanced in age as I am. But he is an open-minded and, if elected, one of the few Presidents in my time has gone into the House free and without mania."

The Post-Dispatch places went ad messages before the persons throughout Greater St. Louis who are interested in these messages.

PART THREE

**BREAK THREATENS
IN PEOPLE'S FRONT
SUPPORTING BLUM**

Radical Socialists Say They
Will Not Back Him Unless
He Refuses Extremist
Demands.

**ACCUSED OF TRYING
TO REMAKE SOCIETY**

He Acknowledges That Dis-
affection of One Party
Would Mean Fall of His
Government.

By the Associated Press.
PARIS, Oct. 19.—French Radical
Socialists told Premier Leon Blum
today that if he desired their con-
tinued support he must refuse ex-
tremist demands.

The warning followed a caution-
ary declaration by the Premier, who
declared a split in the People's
Front political coalition would force
him to resign at once.

The Radical-Socialist declaration
came through their party newspa-
per, *Le Nouvelliste*, which asserted
Blum apparently was striving to
"create a new form of society."

Radical-Socialists, who with So-
cialists and Communists make up
the political combine, have been
outspoken in their criticism of Com-
munists for their mass demonstra-
tions and provoking Government in-
tervention to keep order during
party rallies.

Blum acknowledged a break in
the political lines would lead to dis-
solution of the Chamber of Deputies
and force new elections to be called.

A New Situation.

"If one of the parties withdraws
its confidence or if we cannot
maintain a community of action
necessary to hold the Popular Front
together, there would be a new sit-
uation, and that situation would
necessarily have a new govern-
ment," he declared in a speech yester-
day at Orleans.

"Anxiety which has awakened
among certain of our friends and
which our adversaries are trying
to exploit was conferred by the
Communist party."

"It is sincerely asked whether
Communists don't represent a dis-
cordant element which must be
eliminated sooner or later. It is
asked, in consequence, if it wouldn't
result in disintegration of the Popu-
lar Front to make way for a new
political formation, installed on its
ashes."

Only One Way to Govern.

"Called to power to apply a defi-
nite policy, I will make none other.
In the present Chamber there is
no other majority possible except
the Popular Front."

"The only way out would be dis-
solution of the Chamber of new
elections."

"Honesty and political propriety
forbid us to govern in the name of
any political formation other than
that constituted before the general
elections."

Speaking at a Socialist meeting
in Paris, Blum declared last night
that when Parliament reconvenes
he would present a new press bill,
enabling the Government to take
stronger measures against "profes-
sional slanders."

He said the proposed measure
would strike them "where it hurts
most—in the pocketbook."

"We shall attempt to compel the
newspapers, which are, above all,
public enterprises, to publish state-
ments of their resources and in-
come from advertising," Blum de-
clared.

**AMOS PINCHOT TO SUPPORT
GOV. LANDON AS A 'LIBERAL'**

Brother of Former Pennsylvania
Governor Voted for Smith
in 1928.

NEW YORK, Oct. 19.—Amos R.
E. Pinchot, New York lawyer who
described himself as "rather a lib-
eral," has joined his brother, Gif-
ford Pinchot, former Governor of
Pennsylvania, in support of Gov.
Landon for President.

A supporter of the late Senator
Robert La Follette, the Progressive,
in 1924, and of Alfred E. Smith in
1928, Pinchot announced his views
in an open letter addressed to Har-
old L. Ickes, the Secretary of the
Interior.

"I am inclined to believe," he
wrote, "that when the history of
this period is written the New Deal,
which is not new at all, will be set
down, not merely as an economic
and political failure but as a be-
trayer of American progress."

"Consequently, I am going to vote
for Gov. Landon. I will vote for
him for the foregoing reasons, and
also because I think he has quali-
ties which the New Deal lacks. They
are character and common sense.
He is not as advanced in his views
as I am. But he is liberal and
open-minded and, if elected, he will
be one of the few Presidents who
in my time has gone into the White
house free and without commit-
ments."

**ITALIAN MASS REPRISAL
ON ETHIOPIAN IRREGULARS**

30 Planes, With 500 Riflemen and Machine
Guns, Surprise Force That
Ambushed Aviators in July.

By the Associated Press.
ADDIS ABABA, Oct. 19.—Italy
today completed a mass reprisal
against Ethiopian irregulars who
last July ambushed and killed 13
Italian aviators in Western Wallega
Province.

Thirty bombing and transport
planes, carrying 500 men armed
with rifles and machine guns, land-
ed at Leketmi, 150 miles west of
Addis Ababa, and engaged irregu-
lar troops in a fierce conflict in
which the Ethiopians suffered
heavy casualties.

The attackers joined forces with
local warriors sympathetic to the
Italians, and the combined expedi-
tion hunted out the Ethiopians
thought to have been responsible
for the July killings. These they
attacked with bombs and machine
guns.

With the reprisal operation com-
pleted, the Italian forces returned
to Leketmi to consolidate Fascist
domination of the western territory
and await the arrival of a motor-
ized column from Addis Ababa.

On July 8, three bombing planes
under the command of Gen. Vin-
cenzo Magliocco, alighted at the
same place, near Leketmi. Ethio-
pian irregulars attacked the Italian
planes from ambush, killing Gen.
Magliocco, Col. Carlo Calderini,
Maj. Antonio Locatelli, noted trans-
Atlantic flyer, and other pilots and
mechanics.

Italian indignation was wide-
spread, as the victims were promi-
nent aviators. Gen. Magliocco was
Assistant Chief of Aviation. Maj.
Locatelli was a participant in the
Balbo mass flight from Rome to
Chicago in 1933.

**JAPAN TO OPEN AIRLINE
TO MANDATED ISLANDS**

Reports to League on Former
German Holdings; Denies
Fortifying Area.

By the Associated Press.
GENEVA, Oct. 19.—Japan will
open an airline to the mandated Pa-
cific islands which once belonged to
Germany, an official report to the
League of Nations disclosed today.

Apparently answering in advance
any accusation that the airline will
be used for military purposes, the
Japanese announced the line was
to "promote efficiency of adminis-
tration and assist industrial and
social activities of the inhabitants."

At the same time, disturbed over
reports that it recently withdrew
warships from the islands, Japan
said it never had had either fortifi-
cations or naval forces in the area.

The Marianne or Ladrone Islands,
nearest of the mandates, are approxi-
mately 1600 miles from Japan.

Specific aims of the projected air-
line were stated as follows: (1) Con-
veyance of official documents; (2)
Legislation or mail; (3) observation of
the movements of fish; (4) meteorologi-
cal observations in connection with
fisheries; (5) establishment of com-
munications in the case of interrup-
tion of regular steamer services,
"through accidents" or other causes;
(6) Search and relief in case of
marine disaster.

The report said the only means of
communication at present from
Japan to the islands, was by sub-
sidized steamship service. This was
held "unsatisfactory."

As for the militarization reports,
the Japanese document said:
"Simultaneously with the estab-
lishment of the South Seas bureau
in April of 1922, the South Seas De-
fense Corps was abolished and the
entire naval contingents stationed in
the islands was withdrawn."

"Since then absolutely no military
or naval forces have been stationed
there. No military or naval base or
any fortification ever has been
maintained or newly-built within
the territory. The natives never
have been subjected to military
training."

**C. F. COE, WRITER, ORGANIZING
VIGILANTES TO WATCH VOTING**

He Says Purpose Is to Assure Fair
Count in 17 Eastern
States.

By the Associated Press.
NEW YORK, Oct. 19.—Charles
Frances Coe, the writer, said today
he was organizing a group of "vigi-
lantes" in 17 Eastern states "in or-
der to assure a fair count of the
vote on election day."

Coincident with his announcement
at Eastern Republican campaign
headquarters, Congressman Joseph
W. Martin Jr., of Massachusetts,
who is Eastern manager, charged
there was a widespread flouting of
the registration and election laws
in Eastern states.

"We have had complaints there
are at least 6000 illegally registered
voters in one Boston ward," he
said. "We have evidence that col-
ored residents of Virginia are be-
ing imported to Philadelphia for
voting purposes."

"We are told on good authority
that in Pittsburgh a number of
aliens who have obtained only
their first papers have been in-
formed that if they didn't vote—in
other words, break the law—they
will never be granted naturaliza-
tion."

"I want to make it clear that if
these men attempt to vote, we will
see to it that they never become
naturalized. We will see that they
are deported."

New Canadian Envoy in U. S.
By the Associated Press.
WASHINGTON, Oct. 19.—Sir
Herbert Marler arrived here today
to assume his duties as Canada's
new Minister to the United States.

The envoy, formerly Canadian Min-
ister to Japan, replaces William
Duncan Herridge, who resigned
from the Washington post a year
ago when the present MacKenzie
King government went into power.

**PREMIER OF JAPAN MAKES
TERMS WITH MILITARY PARTY**

Hirota Arranges for Gradual In-
stead of Immediate Reorganiza-
tion of Government.

By the Associated Press.
TOKIO, Oct. 19.—Japanese mili-
tary and naval leaders, who have
demanded immediate reorganiza-
tion of the Government, agreed to-
day to gradual readjustment until
after the parliamentary session this
fall. The decision was interpreted
as lessening the possibility of a
government crisis and possible
resignation of the Hirota Cabinet.

Premier Koki Hirota arranged for
gradual reorganization at a con-
ference with Lieutenant-General
Juichi Terauchi, Minister of War
and Admiral Osami Nagano, Min-
ister of the Navy.

The principal military demand
was the appointment of a Minister
without portfolio to head a new
governmental general staff to for-
mulate military policies.

The Cabinet turned its attention
to the army's plan for public own-
ership of electric power plants
which will probably be inaugurated
formally in 1938.

**CROWN OF PORTUGUESE KINGS
STOLEN FROM BURIAL HALL**

Missed From Pantheon at Lisbon
After Three Frequent Visitors
Kneel in Prayer.

LISBON, Portugal, Oct. 19.—The
jeweled crown once worn by the
kings of Portugal was stolen in
broad daylight Sunday from the
pantheon, historic burial place of
several monarchs.

Two men and a woman, frequent
visitors to the pantheon, were seen
to kneel in prayer at the tomb of
King Carlos and then at the crypt
of Crown Prince Louis Philippe.

At closing time, it was discov-
ered that the doors to the glass re-
liquary containing the collection of
crown jewels were open. The gold,
jewel-studded crown was gone.

18 PALESTINE JEWS ARRESTED

Suspected of Firing on Two Arabs
in Tel Aviv.

JERUSALEM, Oct. 19.—(Jewish
Telegraphic Agency)—Eighteen
Jewish youths, residents of the col-
ony of Petach Tikva, were arrested
Saturday on suspicion of having
fired on two Arabs in the all-Jew-
ish city of Tel Aviv.

In a cable to High Commissioner
Sir Arthur Grenfell Wauchope, the
Arab Supreme Committee, which a
week ago ended the six-month gen-
eral strike, declared that Arab rul-
ers of neighboring territories had
protested against the shootings in
Tel Aviv, asserting that their co-
racials were keeping the peace
agreement while the Jews were not.

The committee issued a proclama-
tion to Palestine Arabs, urging them
to remain quiet despite the attacks.

**SUPREME COURT DISMISSES
NEW YORK MORATORIUM CASE**

However, It Has Agreed to Review
Mortgage Commission Act
of 1935.

By the Associated Press.
WASHINGTON, Oct. 19.—Dis-
missal of litigation involving the
constitutionality of the 1935 New
York State mortgage moratorium
law was announced today by the
Supreme Court. The announce-
ment merely said that opposing
counsel had agreed on that action.

The court agreed only a short
while after agreeing to review an
attack on the constitutionality of
the New York Mortgage Commis-
sion act of 1935. The 1935 legis-
lation on which litigation was dis-
missed was challenged by Joseph
and Angelina Loportos, former own-
ers of a New York City tenement.

New York State courts held that
the law was constitutional. They
dismissed a foreclosure action by
the Loportos against the Druiss
Co., Inc., of New York City.

Attorneys for the Loportos con-
tended in their petition to the Su-
preme Court that the law, which
suspended real estate foreclosures
on past due bonds and mortgages
was invalid because it impaired
contracts, took property without
due process of law and denied
equal protection of the law.

**LANDON MEN SAY NEW DEAL
IS 'NO KIN TO SQUARE DEAL'**

Statement Signed by Jay N. Dar-

By the Associated Press.
NEW YORK, Oct. 19.—A state-
ment issued by the Landon and
Knox Bull Moosers' Committee of
the National Republican Club says:
"Those who supported Theodore
Roosevelt in his historic struggle
for a square deal resent the preten-
sion in Washington that the present
national administration has fallen
heir to his policies. The New Deal
is no kin to the square deal."

Among those listed as signers of
the plea for support for Gov. Lan-
don are Jay N. Darling, James R.
Garfield, Henry J. Allen, William M.
Chadbourne, Dr. Albert Shaw, Ro-
ger W. Straus, Henry L. Stoddard

FRENCH GESTURE OF PEACE

President Lebrun at German Border
Lawless Friendship.

STRASBOURG, France, Oct. 19.—
President Albert Lebrun invited
Germany's friendship in a speech
yesterday at dedication of a monu-
ment to Strasbourg's World War
dead.

"Let our hands, stretched across
the border in a generous gesture,
start a friendly movement toward
an agreement for peace in which
the world will again find tranquil-
lity and prosperity," he said.

**ROOSEVELT LIKELY
TO CARRY SIXTH
MISSOURI DISTRICT**

Margin Probably Will Not
Exceed 5000 Votes in
Area Including Spring-
field and Sedalia.

By CURTIS A. BETTS,
A Staff Correspondent of the
Post-Dispatch.

SPRINGFIELD, Mo., Oct. 19.—
The heavy railroad labor vote in
Springfield and Sedalia is expected
to save the sixth congressional dis-
trict for President Roosevelt by a
small majority, probably, it now ap-
pears, by not to exceed 5000.

On the governorship, political
polls indicate, Jesse W. Barrett, Re-
publican, will carry the district over
Lloyd C. Stark, Democrat, by a very
small majority, probably not to
exceed 3000.

The Sixth normally is an uncer-
tain district. Roosevelt carried it
in 1932 by 25,872. Hoover won it
in 1928 by 35,163. Coolidge carried
it in 1924 by only 759, while Har-
ding carried it in 1920 by 10,607.

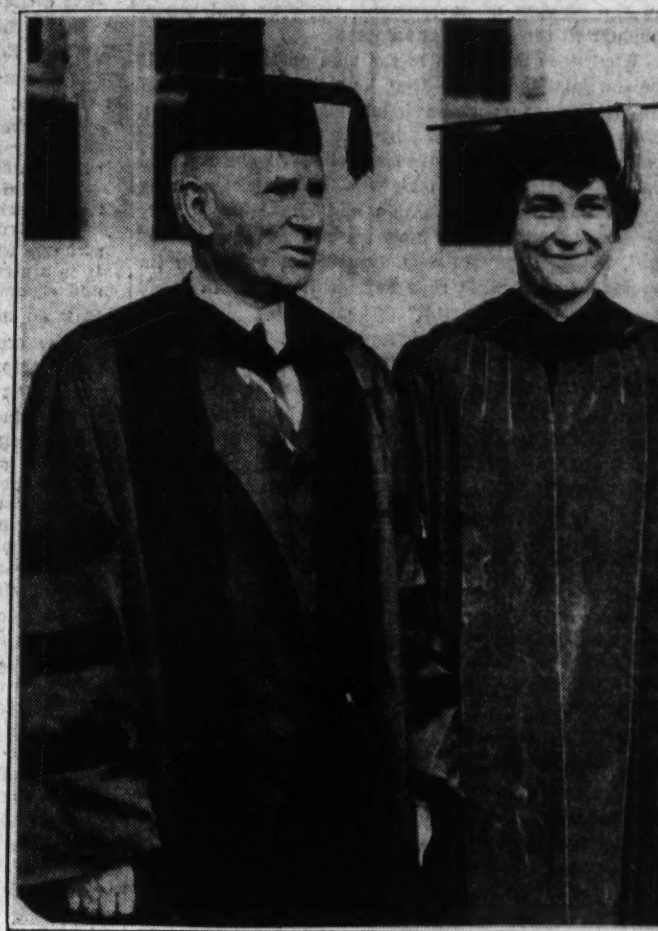

Influenced by AAA Benefits.
This year the distribution of Fed-
eral funds through AAA benefits
and the labor vote, which it seems
generally agreed is a Roosevelt
vote, would appear most certainly
to overbalance the anti-Roosevelt
sentiment of business men in the
two principal cities, Springfield and
Sedalia, and the tendency of Re-
publican voters who supported
Roosevelt four years ago to return
to their old party allegiance.

The labor vote is being counted
on to vote the Democratic ticket
even stronger in this district than
others in the State because of the
fact that R. T. Wood, president of
the State Federation of Labor, is
the Democratic nominee for re-elec-
tion to Congress.

Wood won the nomination after
a bitter primary fight, some of the
ill effects of which apparently will
hold over into the general election
and result in some scratching of
Wood by Democrats. For this rea-
son the labor forces are exerting
unusual efforts to get out the full
vote for him. There are no indica-
tions that there will be any scratch-
ing.

**BRITISH TROOPS
PATROL BOMBAY
TO STOP RIOTS**

50 Killed and 490 Injured
in Four Days of Street
Fighting Between Hin-
dus and Moslems.

By the Associated Press.
BOMBAY, India, Oct. 19.—
Danger of an epidemic increased
the fears of the population today
as troops patrolled streets in trucks
to prevent fresh outbreaks of
Hindu-Moslem rioting. Casualties
mounted to 50 persons killed and
490 injured.

Garbage collectors refused to go
into the streets, scene of disorders
for the past four days, and pave-
ments were deep with refuse—a
serious menace to health in the
warm Indian climate.

The clashes began Thursday dur-
ing construction of a Hindu place
of worship near a Moslem mosque
and spread rapidly.

Officers yesterday rounded up 300
persons listed as "bad characters"
and planned to establish special
jails since all in the city were
crowded.

Three Hindu temples and other
buildings were fired over the week-
end and much looting went on in
the city.

A British sergeant was struck by
a stone and taken to a hospital.
Many others of the injured were
hit by flying bricks and stones.

Yesterday opened quietly after
fighting Saturday in which nine
were known to have been killed and
at least 100 injured, but roving
bands raided shops and homes and
started a new wave of incendiary
fires.

A Hindu temple near Bhandiba-
zar was burned to the ground.
Police rescued a Hindu doctor
who was attacked savagely by a
crowd of other Hindus when he
tried to shelter a Moslem.

Disentanglement in Europe

FROM the point of view of French post-war diplomacy, as conducted from Clemenceau to Barthou, the action of Belgium in abandoning her French alliance for France. But that the policy has failed. Its object was to keep Germany disarmed within the circle of allied armed powers, and the plain fact is that the policy was not worked. Germany has remained the policy itself is responsible in a high degree for the outbreak of the German people to an anti-Fascist rebellion against an anti-Fascist and compulsory inferiority. The British have never been willing to give the French policy genuine support. The Poles withdrew from it in 1933. And last winter, when Hitler remilitarized the Rhineland, it became clear that the policy would not be enforced. So the Belgians have merely resigned from a system of alliances that was already moribund. There remains the French-Soviet alliance, and it is not easy to say whether that alliance is now a liability or an asset from the point of view of French security and the peace of Europe.

It is a curious fact, which many seem to have overlooked, that the French alliance with Russia was constructed, not by the present French Government, but by an earlier conservative Government. It was not the Socialists and Communists, now in the coalition of the Popular Front, who made this alliance. It was made by Frenchmen who followed the traditional pre-war French policy of making a democratic France with Communist Russia for the same reasons that democratic France had once been allied with Czarist Russia.

Moreover, it must be remembered that since the war those whom M. Blum represents have been opposed to the French system of alliances against Germany. With Hitler in power, they have in some measure become reconciled to the idea of alliances as a kind of necessary evil. But it is highly probable that they will deeply distrust the whole system and would be happy to find some substitute for it.

So while M. Blum's troublesomeness in the Government, the French Communists may have enthusiasm for the Russian alliance, there is good reason to think that M. Blum does not. For though he is a professional Socialist, he has always been anti-Communist, and, above all, he has been for years more interested in peace than in anything else.

This has been demonstrated by his policy in Spain. Judged by the standards of the old diplomacy, it would have been the most natural thing in the world for France to support the Spanish Government in order to prevent the expansion of Italian and German power in the Western Mediterranean. By the support of the Popular Front, and following the obvious sympathies of the Progressives, Socialists and Communists who compose it, it would have been natural for France to give the Spanish Government the support it needed.

ment moral and even material support. But, in fact, M. Blum followed neither course. He took his stand for the policy which would keep the peace, even though that policy sacrificed the sympathies of his own followers. In taking this line, M. Blum struck a blow at the fatal idea that Europe must be divided into two camps—a Fascist and an anti-Fascist.

Instead, he aligned his position with that of Britain, which is that the prevention of war is the paramount interest of Europe. He withdrew, in effect, from the older system, which divided Europe into two armed coalitions contending for supremacy, and joined the block of those nations, headed by Britain, which mean to keep the peace by not getting entangled in war.

Thus, though in appearance the Belgians have abandoned the alliance with France, in fact they have only aligned their policy with the group of nations which France has already joined. There is a new bloc in Europe, which is neither Fascist nor Communist, German nor anti-German, Russian nor anti-Russian, but neutral, independent and armed for its own defense.

Though superficially it looks as if the bonds between France, Belgium and Britain had been dissolved, actually, they may become stronger than they were. For today, the three nations take more nearly the same view of Europe than they have for 15 years. They come nearer to standing for the same things. And, alliance or no alliance, France and Britain would have to fight for the security of Belgium, and probably with better spirit insofar as they do not feel themselves entangled.

It may be, too, that a new system of peace is in the making, based not on collective action against an aggressor, but on the defense of neutrality. If, for example, Poland followed the Belgian example and took a clear decision to join neither Germany nor Russia, the Russo-German war would be a difficult war to fight. There would be no battlefield.

It is, of course, true that the situation in Central Europe is dangerously explosive. It is much too early to indulge in complacency. But there is no reason to think that it is any worse than it was and there is good reason for thinking that the foundations of peace are being strengthened by the clarification of French policy, the rearmament of Great Britain, the concerted action of the creditor powers for financial stabilization and freer trade and the general recovery throughout most of the world.

The trying times are not over, for the dictators are incalculable. But at least it can be said that the bonds which unite the peoples who want to live and let live are growing stronger day by day, and time, the healer, is on the side of peace. It is now true, I believe, that if a great war can be postponed for a few years, it can probably be prevented.

HORSE SHOW WINNERS AT WESTWOOD CLUB

Trails End Stables Mounts Carry Away Three First Prizes.

Horses from the Trails End Stables took three first places yesterday as the seventh annual autumn horse show was held in the open-air paddock at Westwood Country Club, Ballas and Conway roads.

The Trails End winners were all hunters and jumpers, mounts which are well known in horse shows in the vicinity, and twice they were ridden by Mrs. Elmer Kerckhoff. Mounted on Gangster, Mrs. Kerckhoff took the blue ribbon in the ladies' and children's hunter class and astride Step Aside she got first place in the Corinthian.

In the last event on the program, held in the gathering dusk, the Trails End's Feather Rock took the honors in the open jumper class after a run-off with The Colonel, owned and ridden by Paul Bakewell III. Feather Rock was ridden by Frank Slate, manager of the stable. Earlier in the afternoon Slate had taken a third place ribbon astride Gangster in the open hunter division, which was won by The Colonel.

Dr. R. P. Gregory's Brown Eagle won the event for five-gaited saddle horses after a long-drawn-out judging in competition with Barrymore's Rhapsody, owned and ridden by Mrs. Paul E. Winter. Brown Eagle was ridden by R. P. Glenn.

CHRISTIAN CHURCH DENOUNCES COMPULSORY STUDENT DRILL

Also Calls for Abolition of Oaths of Allegiance for Public School Teachers.

KANSAS CITY, Oct. 19.—Compulsory military training for students and compulsory oaths of allegiance for teachers in public schools were denounced yesterday by laymen and ministers of the Christian Church (Disciples of Christ). Resolutions calling for abolition of both practices were passed by delegates to the national convention of the church.

One resolution recommended dissolution of the R. O. T. C. in schools and of "the practice of offering cash subsidies, free uniforms, prizes and special honors to students as an inducement to take military training."

"We are especially opposed to the methods used to popularize military training, such as the appointment of honorary girl officers, representation of military training as physical education, character education and training for citizenship," the resolution said.

ASSERTS PARENTS NO LONGER SHAPE CHILD'S CHARACTER

Minnesota U. Speaker Says Movies, Radio and Comic Strips Are Formative Agencies.

John E. Anderson, director of the child welfare department of the University of Minnesota, told members of the Ethical Society yesterday that "the decisive forces in the formation of character among children have shifted from the home and school to extra-community agencies over which the parents have no control."

"Not only," Anderson said, "does the young child live in a world of automobiles, electric lights, and other gadgets, but he also develops in a world of manifold stimulation from many new inventions. Where formerly his life was lived in the atmosphere of home, school and church, he now lives in a world of movies, radio programs, and comic strips."

LUTHERANS CONSIDER POLICE CHECK ON ALL

Motion Before Convention After Minister Tells of System in Europe.

By the Associated Press.

COLUMBUS, O., Oct. 19.—A recommendation for police registration of all persons came before the convention of the United Lutheran Church yesterday as Dr. G. H. Bechtold of Philadelphia reported a three-month study he made in England and Germany.

"Many Americans throw up their hands in horror at the thought of such universal registration," he declared. "But some such step is necessary for the proper control of our shifting population—those children of the depression who roam over the country as they please."

Both Germany and England, said Bechtold, have found police registration effective in curbing crime and in halting the wanderings of people without regular places of abode.

"When I entered a German or English city to spend the night I had to register, and my registration went to the police authorities," said Bechtold. "At first it seemed strange, but I realized that such a system was necessary because of the great number of wanderers created by the economic depression."

Supervised Movements.

In Germany, he said, unemployed men move from city to city in search of work, but always under the supervision of officials who so direct their movements that no particular center suffers from an influx of jobless.

"Such a system would put an end in our own country to this great floating population, and to much of the crime which can be traced directly to the thousands of people who wander from coast to coast—their movements undirected and their actions unscrupulous."

Dr. Bechtold, superintendent of inner missions for the United Lutheran Ministerium of Pennsylvania, directs welfare work of the church in Eastern Pennsylvania.

A report of the Committee on Moral and Social Welfare went to the delegates for formal approval. Recommendations included:

Motion Pictures—"We challenge our people to attend only wholesome, decent, worthy pictures. . . . Degraded films make them accomplices in a conspiracy to enrich motion picture producers at the expense of society's moral order."

Church leaders should be careful that all money-raising efforts of their congregations avoid gambling.

Move for Peace.

Peace—"We reaffirm our devotion to the cause of peace and urge full co-operation to create the will to peace, assure our country's strict neutrality if war should come, and to limit seemingly extravagant expenditures on the military establishment of the United States."

Liquor—"We admonish our pastors, our church leaders, and the parents in the homes to use every effort to enlighten our youth on the meaning of temperance."

Divorce—"We reaffirm our position that no Lutheran minister should perform a marriage ceremony of a divorced person, until he is convinced that the individual is the innocent party to a divorce occasioned by grounds recognized by the church as valid."

Literature—"We call attention to the flood of indecent literature, especially magazines . . . and recommend that pastors and others co-operate with local law enforcement agencies for the elimination of this evil."

EX-CONVICT SAID TO ADMIT THEFT OF MONEY ORDER BOOK

Arrested on Information From Woman Who Attempted to Cash One.

William Domino, a former convict arrested yesterday afternoon, was quoted last night by the police as admitting he had stolen a book of express money orders and had obtained \$163 by cashing six of them.

Domino was arrested on information from a woman who previously had been taken into custody when she attempted to cash an express money order which was identified as one from a book stolen last Tuesday from the drug store of Ray Klosterman at 2101 South Grand boulevard, where Domino had been employed.

After the theft of the money order blanks and \$8 in cash had been discovered, Domino failed to report for work and had been sought by the police since. He was quoted as admitting he took money orders and cash. He had been living in the 800 block of Westminster.

Domino was sentenced to two years in prison in 1923 for forgery, and in 1929 served a six-month jail term for impersonating a Federal officer.

SEVEN INJURED IN COLLISION

Three Seriously Hurt in Crash at Top of Hill on Highway 54.

MEXICO, Mo., Oct. 18.—Seven persons were injured, three of them seriously, in a collision of automobiles at 12:30 a. m. today on Highway 54 at the top of Auxvasse hill, 14 miles south of Mexico.

In one car were Forrest Neely, 28 years old; Louis M. Moore, 22; Becky Jane Brown, 20, and Martha Jayne Horton, 19, returning to Mexico from Kingdom City. In the other were Mr. and Mrs. Fred Hopper and their son, Fred Jr., 13, a student at the University of Missouri, on their way to their home at Columbia.

WORKERS' WIVES TOUR STEEL PLANTS

YOUNGSTOWN, O., Oct. 19.—For the first time in the history of the steel industry here, the plants of the Carnegie-Illinois Steel Corporation were thrown open today to mass inspection by the wives, children and other relatives of the men who make steel. About 700 women left their Monday washing to see the work.

G. O. P. ASKS WPA WORKERS TO 'VOTE AS YOU PLEASE'

State Committee Distributes Handbills; Democrats Deny Using Political Pressure.

The Republican State Committee today began distribution of handbills to WPA workers and persons on relief, reminding them that the secrecy of the ballot protected them in their right to vote for the party of their choice in the Nov. 3 election.

Grover W. Dalton, chairman of the State committee, has charged that political pressure was placed on WPA employees and relief clients to vote the Democratic ticket, and particularly that in Marion County, project workers were told at a meeting to vote the Democratic ticket on pain of losing their jobs.

Henry Riedel, district WPA administrator at Hannibal, denied the charge, saying that no such meeting had been held and no such directions given.

"Vote as you please," the Republican handbill says. "The Republican party promises continued relief for all plus an opportunity to get a real job. Relief jobs were to help you, not to enslave you to politicians." The statutes providing for secrecy of the ballot, and prohibiting intimidation of voters, are then quoted, with the promise that the law will be invoked against any violation.

CUT WITH RAZOR IN FIGHT

Photographer Hurt After Being Ordered From Apartment.

Edward Cook, 30 years old, a photographer, 4612A Delmar boulevard, was slashed on the abdomen with a razor last night in a row with Lionel Lansche, a lineman, 5045 Vernon avenue, after the pair had spent the afternoon making a round of taverns, according to their statements to the police.

The fight occurred in an apartment at 4461 Olive street where they had gone to visit Mrs. Thelma Lansche, former wife of Lionel Lansche. The two men were quoted as saying that Cook struck Mrs. Lansche when she ordered them to leave and that this started the fight. Cook, at City Hospital for treatment, told policemen he would not prosecute Lansche.

Col Knox's Last 60 Speeches.

By the Associated Press.

CHICAGO, Oct. 19.—Col. Frank Knox, the Republican vice presidential nominee, completed plans today for a final speaking drive which will take him into seven states in the next 10 days. The Chicago newspaper publisher prepared to deliver 60 speeches, 10 of them before large meetings at Fort Dodge, Ia., Tuesday; Crawfordsville and Vincennes, Ind., Wednesday; Toledo, O., Thursday; Birmingham, N. Y., and Scranton, Pa., Friday; Dayton, O., Oct. 26; Detroit, Mich., Oct. 27; La Crosse, Wis., Oct. 28, and West Frankfort, Ill., Oct. 29.

COMFORTABLE

Inside Weather

Enjoy it all Year 'Round

COMFORTABLE inside weather—exactly the kind you prefer, is yours for the asking. You can install automatic heating, automatically controlled, using the kind of fuel you prefer, in your heating plant at moderate cost. Automatically controlled air conditioning can be added now or later, to give you and your family comfortable inside weather day in and day out. Don't face another cold winter or hot summer without them. You'll be astonished at today's moderate cost of automatic heating and air conditioning.

A WORD ABOUT CONTROL

Ask about Chronotherm for example, the amazing electric clock control that maintains leveled heat at all times and automatically lowers temperature at night and restores it in the morning, saving 10 to 30% fuel. Other Minneapolis-Honeywell controls are available for every automatic heating and air conditioning application. Ask your dealer for Minneapolis-Honeywell controls when you install automatic heating and air conditioning. Minneapolis-Honeywell Regulator Company, 2831 Olive St., St. Louis, Missouri, Jefferson 4120. Branch and distributing offices in all principal cities.

The Argentine wheat belt received a moderate amount of moisture over the week-end, but the forecast was for a drier weather. Predicted rains in Australia failed to materialize in any amount, and cables said moisture is needed to check deterioration.

Clear weather prevailed throughout the domestic grain belt. Advice from the Southwest indicated that winter wheat plantings are running about 20 percent below the five-year average.

Speakers will include Irving Edison, Mrs. Benedict Farrar, Mrs. Milton Hellman, Miss Elsie Huesman, Dr. Hugh McCulloch and Circuit Judge Eugene J. Sartorius. Miss Huesman is a social worker and Dr. McCulloch a pediatrician.

Dr. John E. Anderson, director of the Institute of Child Welfare at the University of Minnesota, will speak at a session on "Guiding Personality Development" at 8 p. m. today at Soldan High School. He is the author of "The Young Child at Home" and is a frequent contributor to psychology journals.

A panel discussion on ways of guiding growth will be held tomorrow at 10 a. m. at Hotel Statler. Dr. Harriet Cory will speak on sex attitudes; Miss Selma Loewenberg, use of money; Miss Marjorie Egan, understanding of other people; Gilbert Harris, use of leisure; Miss Mary Powell and Leo C. Miller, art appreciation; Dr. William Nelson, children who deviate, and J. Hutton Hynd, religious attitudes.

Dr. Paul Zentay will preside at a luncheon at Hotel Statler. Dr. Anderson will speak on "Life with Father."

At 2:15 o'clock tomorrow a panel discussion on life in the neighborhood will be conducted. Harland Bartholomew will discuss "The Significance of Physical Surroundings." Other speakers include Miss Susan S. Ryan, Mrs. Fred B. Elise, Mrs. A. O. Anderson, Dr. H. I. Spector, Mrs. E. F. Bowles, L. M. Dougan, the Rev. W. J. Mullally, J. A. Wolf and C. H. Compton.

A discussion of life in school is scheduled for 4 p. m. at the same hotel. Among the subjects are the pre-school years, child meets child, child meets teacher, boy meets girl, student confronts new problems and administrator meets children.

Dean Frank M. Debatin of Washington University will preside at a panel discussion Wednesday at 4 p. m. at the Statler on "Who Is Grown Up?" Percival Chubb, Dr. Hyman Meltzer, Dr. Herschel Alt, Dr. Lawrence D. Thompson, Prof. Viktor Hamburger and William Morgan will speak.

SOCIAL HYGIENE WEEK PROGRAM ANNOUNCED

Dr. Ira S. Wile, New York Psychiatrist, to Speak at Soldan Nov. 6.

A program of educational meetings has been arranged by the Missouri Social Hygiene Association, to be held Nov. 1 to 7. The week has been proclaimed Missouri Social Hygiene week by Mayor Dickmann.

The principal event on the program will be an address by Dr. Ira S. Wile of New York, psychiatrist and an authority on social hygiene. Dr. Wile will speak on "Are We Facing the Realities in Social Hygiene?" at Soldan High School, Friday evening, Nov. 6, at 8 o'clock. Dr. Paul J. Zentay, president of the association, will preside at the meeting.

A tribute to the early workers and educators in this field will be held at 11 a. m., Sunday, Nov. 1, at a special service at the Church of the Unity, 5015 Waterman avenue. Speakers will be Dr. Ralph Fuchs, assistant professor of law at the Washington University School of Law, and the Rev. Dr. George R. Dodson, pastor of the church and honorary president of the association.

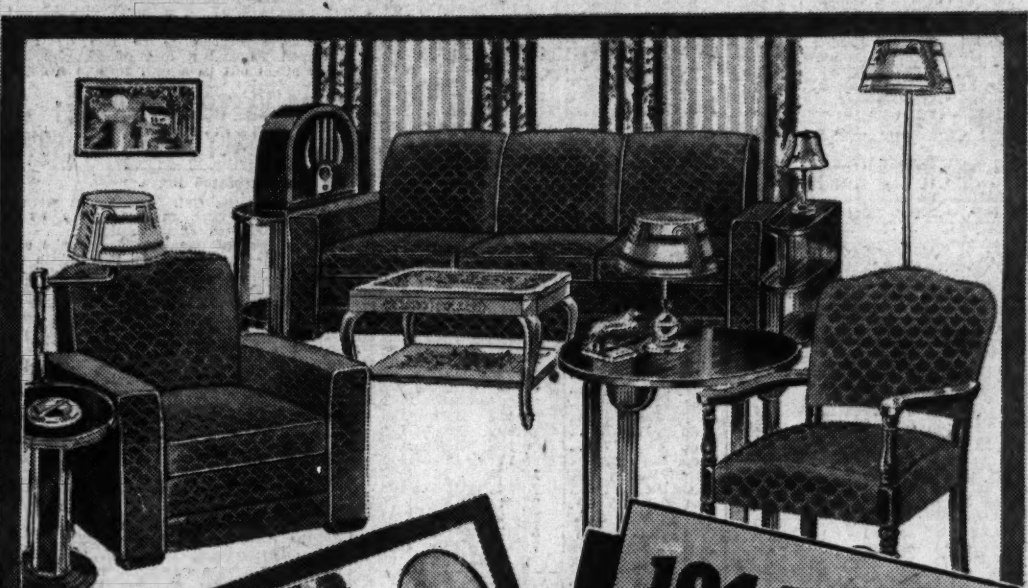

A discussion on "A New Outlook on Age-Old Problems" will be held Nov. 4 at the Wednesday Club. Speakers will include: Dr. Park J. White, instructor in clinical pediatrics, Washington University; Mrs. Pearl Case Blough, executive secretary of the Community Council; the Rev. Truman B. Douglas, pastor of Pilgrim Congregational Church; Dr. Jean V. Cook, associate professor of pediatrics, Washington University, and Dr. John V. Lawrence, assistant professor of medicine and medical director of clinics at the university.

A panel discussion on the topic, "Youth Speaks Out," will be held Nov. 5 at Soldan High School. The discussion will be led by representatives of St. Louis youth organizations and Dr. Elsie Huesman, president of the Community Council.

A professional educational conference with Dr. Wile will close the programs, Nov. 7, in the auditorium of the Washington University Medical School. Each meeting will be open to the public.

WAR CUTS U. S. EXPORTS TO SPAIN BY 75 PER CENT

No Record of Any Munition Shipments; Gasoline and Cotton Trade Very Small.

WASHINGTON, Oct. 19.—Effects of the Spanish Civil War on American trade were disclosed today in a special Commerce Department survey, showing a 75 per cent decline in United States exports to Spain during the first two months of the conflict, July and August. In August the United States shipments totaled only \$474,000, a decrease of about 85 per cent under the corresponding month last year.

Preliminary estimates indicated that America sold virtually no munitions to either side. No exports of firearms, ammunition or cannon were recorded and sales of quasi war materials such as auto parts and gasoline were at very low levels. Only 279 bales of cotton, often regarded as a war commodity, were shipped to Spain during August and September, although exports in the same months of 1935 totaled 29,000 bales.

America's total shipment of six leading foreign trade products during the opening two months of the revolution were estimated at \$1,486,607 in comparison with \$5,747,001 in the same period of 1935. The war was held directly responsible for the decline in United States exports to Spain from \$25,262,000 in the first eight months of 1935 to \$21,035,000 in the same months of this year.

TWO CONVICTED OF BOMBING PENNSYLVANIA JUDGE'S AUTO

State Contends They Sought to Retaliate for Writ Against Striking Miners.

WILKES-BARRE, Pa., Oct. 19.—Emerson Jennings and Charles Harris were convicted yesterday of bombing the automobile of Judge W. A. Valentine on March 23, 1935, during mine union disorders.

They face prison terms of from five to 10 years for each of the two counts on which they were convicted.

The evidence included testimony of Thomas Lynott, county investigator, that Harris confessed the bombing a year ago. At the trial Harris repudiated the confession and said he made it only because of the promise of light sentence.

The state charged Jennings plotted the bombing in retaliation for an injunction which Judge Valentine issued against a miners' union during a strike.

The judge's car was destroyed by a bomb four minutes after his daughter left it. The counts on which the defendants were found guilty charged that they placed the bomb in the car to harm Miss Valentine and that the automobile was damaged as a result.

Three counts on which they were acquitted stated the bombing resulted in injury to a bystander and damage to two buildings.

Dr. Wiggam's Questions
The Daily Short Story

Let's EXPLORE Your MIND

By ALBERT EDWARD WIGGAM, D. Sc.

See Whether His Opinions Agree With Your Own

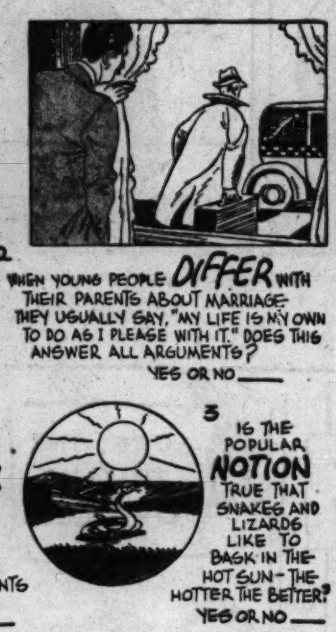

AUTHOR'S NOTE: These are given from the scientific point of view. Science puts the rights of organized society above the rights of individuals.

I recently discussed this, but a new research has just been completed by the former investigator, D. Carter, psychologist, which confirms his previous findings, and that we remember words in the following order, pleasant, indifferent, unpleasant. He repeated his five times on the same persons a period of six months and found order to run uniformly right through the tests. This would indicate that we probably remember the names of people who produce a pleasing impression on us better than those to whom we take a dislike.

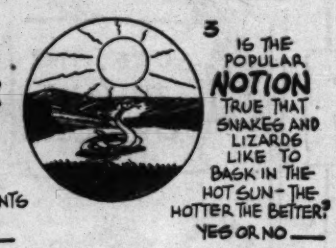

In a penetrating article in Harper's entitled, "An Exhausted Parent Speaks," which all new parents and all about-to-be new parents would do well to read, the author says (paraphrased): "Among young people there seems to be absolutely no feeling of family unity except as a family house upon which to draw. They have no social compunctions. They are contemptuous of our 'ancient manners.' Their individualism astounds us by its egotism, its selfishness, its assurance, its limited vision. When they live their lives as their own, they save them all to do as they please with regard to the parents, except to use them for all they are worth." One pensive parent speaks his mind—and with a lot of truth, too.

DO WE REMEMBER WORDS BETTER THAT CALL UP PLEASANT, INDIFFERENT OR UNPLEASANT EVENTS AND THINGS? YOUR ANSWER?

WHEN YOUNG PEOPLE DIFFER WITH THEIR PARENTS ABOUT MARRIAGE, THEY USUALLY SAY, 'MY LIFE IS MY OWN TO DO AS I PLEASE WITH IT.' DOES THIS ANSWER ALL ARGUMENTS? YES OR NO?

IS THE POPULAR NOTION TRUE THAT SNAKES AND LIZARDS LIKE TO BASK IN THE HOT SUN? THE HOTTER, THE BETTER? YES OR NO?

use them for all they are worth." One pensive parent speaks his mind—and with a lot of truth, too.

—The fondest thing a snake or lizard is to lie in a cool, nice, moist, shady spot, as far away from the sun as possible. According

Arrested Love

By Jack G. Rogers

MRS. CHARLES BURTON'S hand trembled slightly as she put the receiver back on the hook. Then she sat down in her favorite rocking-chair. She felt her heart beating a bit wildly with excitement as she said to herself softly: "So Larry is back. I can hardly believe it!"

But it was true. Larry Neal, an old sweetheart of hers whom she hadn't seen in 20 years, was actually here in Caraway. "For three or four hours between trains," he had told her on the phone. "And I'm going out to see you, Emily."

She got to her feet and looked into the kitchen with a frown of disapproval. The breakfast dishes hadn't been washed.

Humming a little song she began stacking the dishes; and as she did so, she thought of the time—20 years ago—when she had been engaged to Larry; but they had had a violent quarrel in which Larry had been flung at each other—and Larry had left town the next day.

Mrs. Burton sighed as she remembered how heart-broken she had been when she learned that Larry had shaken the dust of Caraway from his feet. "I cried for days and days," she said to herself.

After Larry had been gone five years and she had given up all hope of ever hearing from him again, she had married Charles Burton, Caraway's leading grocer. "He's the next best thing to Larry," her friends had said. "Of course, he's not as romantic or as good looking as Larry—but any old port in a storm." And there had been a storm—a violent storm in a young girl's heart.

But to the surprise of everyone, including herself, her choice of the hard-working grocer had proved a good one. He had been a devoted husband and a fine father to their two children. But Charles and Larry were as different as night from day. And, secretly, she had often wondered what life would have been like had she married the temperamental and romantic Larry. It wouldn't have been dull at any rate, she had often told herself.

She swept the kitchen floor and put the butter and cream into the icebox. Then as she thought of the day Larry's first letter reached her she felt a pleasant sensation pass over her. He said he was contributing travel-articles to magazines—a reporter of sorts. The letter had been postmarked from Singapore. As time went on she received his letters, from France, Germany, England, Italy and many other distant lands—and all of the letters were full of the pronoun "I."

It must have been a shock to his ego when she wrote him that she was married. Anyway, his letters stopped abruptly. And she lived on with her husband and children—and Larry had been forgotten.

But now here he was back in Caraway! In another hour she would meet him, face to face, after 20 years. A feeling of nervousness crept over her as she anticipated the meeting. Somehow she dreaded meeting him. She was sure she would feel ill at ease. Why, she might go all to pieces—even sob on his shoulder.

Twenty years ago he had kissed her with the ardent passion of youth. She wondered if he would try to kiss her when they met. And she? What would she do? What emotion, if any, would she feel? She wondered a bit uneasily.

She went into her bedroom and put on her newest dress. Then she looked at herself with a deep frown as her simple room seemed to sneer at her from her mirror. "I've changed horribly in the last 10 years," she told herself bitterly.

"I've grown fat and ugly." She looked sadly at the gray hairs peeping through the curly mass of gold ones at the wrinkles under her blue eyes; at her sagging cheeks and neck; at her rough, red hands which had washed thousands of dishes and had scrubbed endless floors. She thought, "Larry's sure got a disappointment in store for him. I dread to see his face when he sees what a faded old morning-glory I am."

She wondered what the years had done to Larry. Probably nothing to his personal appearance. Men seldom age as fast as women. And he had probably retained his youthful looks by traveling in new lands and continually making contact with interesting people and situations. Of course his way black hair was probably gray around the edges and there were perhaps a few crinkly laughter lines fanning out from his gray eyes.

She wondered if he had ever married. She doubted it. Vagabonds seldom do. But he had probably had a sweetheart in every land, leaving a trail of broken hearts behind him.

Her thoughts were interrupted by the persistent ringing of the doorbell. She paused on her way to answer it to dab some powder over her shiny nose and to pull two vagrant gray hairs out by the root.

She opened the door and a strange man stepped into the hall—Larry.

"Emily," he said in a voice that reminded her of a bull frog, "you haven't changed a bit in 20 years. You're still as beautiful as ever."

as handsome and as romantic as ever." But under her breath, she said: "Please, God, forgive my lie—and Larry's, too." (Copyright, 1938.)
